## Summer Seminars 2019

We are pleased to offer a limited number of incoming 6th-9th grade students the opportunity to participate in McMinnville School District's Career and Technical Education Summer Seminars 2019! Research shows that summer learning loss, the

phenomenon where young people lose academic skills over the summer, is real. In fact, most youth lose about two months of reading and math skills in the summer. However, summer learning loss can be lessened, and even turned into summer learning gains, if students participate in a summer learning program.

Our Summer Seminars will have both literacy and mathematics instruction integrated into a hands-on learning experience. **All of our Summer Seminars run from 9:00am - 2:00pm with a sack lunch provided.** Some will take place at Patton Middle School and some at the Career Technical Center on the McMinnville High School Campus. Transportation is available for students living one mile or more from Patton. Bus schedules will be available in June.

June 24 - 27: **Fun with Fibers!** at Patton Middle School

June 24 - 27 and July 8 - 11: **Yarn and Yards** at Patton Middle School

July 8 - 11: **Creating Art, Stories and Games with Scratch** at Patton Middle School

## Summer Seminars 2019

**At this point in the process, each registering student will be placed in ONLY 1 seminar until all seminars are full.**

Yes, my student \_\_\_\_\_ will participate in a 2019 Summer Seminar.

Please put a number on the line in front of the seminar you are registering your student for. Put a #1 next to your first choice, #2 next to your second choice and so on. We will make every effort to place your student in his/her first choice. In June, you will be notified of which seminar your student got in to.
