

McMinnville School District

2022-23 Family Income Survey

Dear MSD Families:

Schools receive certain federal and state funding (learning assistance programs, teacher incentives, etc.) when you complete this *Family Income Survey*. Your children may qualify for reduced school fees if your household income falls at or below the limits on this chart.

This *Family Income Survey* provides your child's school a way to collect household income information. This information makes sure your child's school receives the full amount of federal and state funding and makes sure your child receives services they are entitled to when meal benefit applications are not collected.

It is important that you complete this survey. Please complete and return this form to your child's school if they attend Buel, Columbus, Grandhaven, Newby or Wascher elementary; Duniway or Patton middle school. This form does not apply at Memorial Elementary or McMinnville High School.

Part 1. ELIGIBILITY: Figure out your total household income. Then look at the income chart below. Find your household size. If your total household income is equal to or less than the amount listed for your household size, check the box.

Income Chart Effective from July 1, 2022 through June 30, 2023

HOUSEHOLD is defined as all persons, including parents, children, grandparents, and all people related or unrelated who live in your home and share living expenses. If you are applying for a household with a foster child, you may include the foster child in the total household size.

HOUSEHOLD INCOME is considered to be any taxable income each household member received before taxes. This includes wages, social security, pension, unemployment, welfare, child support, alimony, and any other cash income. If including a foster child as part of the household, you must also include the foster child's personal income. Do not count foster payments as income.
