McMinnville School District No. 40

## RESOLUTION ADOPTING THE BUDGET

BE IT RESOLVED that the Board of the McMinnville School District \#40 hereby adopts the budget for fiscal year 2021-22 in the total of $\$ 136,884,599$ now on file at 800 NE Lafayette Avenue, McMinnville, OR 97128.

## RESOLUTION MAKING APPROPRIATIONS

BE IT RESOLVED that the amounts for the fiscal year beginning July 1, 2021, and for the purposes shown below are hereby appropriated:

| GENERAL FUND (100) |  |  |
| :---: | :---: | :---: |
| INSTRUCTION | \$ | 48,845,484 |
| SUPPORT SERVICES |  | 26,551,634 |
| COMMUNITY SERVICES |  | 246,161 |
| TRANSFERS |  | 750,000 |
| CONTINGENCY |  | 500,000 |
| TOTAL | \$ | 76,893,279 |
| ASSET RESERVE FUND (201) |  |  |
| SUPPORT SERVICES | \$ | 460,000 |
| FACILITIES ACQUISITION \& CONSTRUCTION |  | 2,264,800 |
| fotal | \$ | 2,724,800 |
| CONSTRUCTION EXCISE TAX (202) |  |  |

## RESOLUTION IMPOSING THE TAX

BE IT RESOLVED that the following ad valorem property taxes are hereby imposed for the tax year 2021-22 upon the assessed value of all taxable property within the district:
(1) At the rate of $\$ 4.1494$ per $\$ 1,000$ of assessed value for permanent rate tax;
(2) In the amount of $\$ 10,300,000$ for debt service for general obligation bonds;

## RESOLUTION CATEGORIZING THE TAX

BE IT RESOLVED that the taxes imposed are hereby categorized for purposes of Article XI section 11 b of the Oregon Constitution as:

## Introduction

As I begin this budget message, I do so with a look back to previous budget years. At the time of writing the 2019-2020 budget message, we were awaiting passage of the Student Success Act. In the 2020/21 budget message, we described the community, collaborative process that we used to determine how the funds would best be invested to meet the needs of our students. Then, shortly thereafter, we planned and braced for the unknown impact of COVID -19, not just on our budget, but on our practice, and more greatly, on the impact of the pandemic on our entire community.

There was excitement in the idea of being able to plan for new revenue and enriched learning opportunities for our students, and also in being able to post for new staff positions based on the community's priorities. However, that excitement was immediately followed by an order for Oregon school closures, state school revenue concerns, and increased challenges to the families we serve.

Schools were open for student learning on Friday, March 13, 2020, and by the following Monday, schools were shut down for in-person learning. District staff immediately began planning for the transition to remote teaching and learning, later known as Comprehensive District Learning. All Oregon school districts were advised to have budget reduction plans in mind for possible decreases to earlier budget estimates, as related to the Student Success Act, Measure 98, and the State School Fund.

What was thought to be an order for temporary school closure through the end of the 2019/20 school year, proved to be much longer than expected.

A variety of Executive Orders from Governor Brown, along with detailed school guidance requirements, provided by the Oregon Department of Education and the Oregon Health Authority, identified the circumstances under which students could or could not be onsite for learning.

Ultimately, McMinnville School District (MSD) was able to implement a hybrid instructional delivery system: a combination of in-person, onsite learning, and comprehensive distance learning. Hybrid instruction for elementary students began in March 2021 and it began for secondary students in April 2021. We are planning for the full return of students to in-person, onsite learning in the fall.

We expect our allocation from the Student Investment Account (SIA), which is the K-12 portion of the Student Success Act, to be at $80 \%$ of MSD's projected full SIA funding level for the 2021/22 school year. We expect Measure 98 to be fully funded, and we anticipate a State School Fund appropriation of at least $\$ 9.3$ billion. Additionally, we will have Elementary and Secondary School Emergency Relief (ESSER) funds available to us, which we will spread over the next two years to address the need to compensate for learning time lost during the pandemic and to accelerate student learning upon their return to school in September.

The return of students to our schools means that we have budgeted for, and are planning for, additional staff, supplies, and equipment. By providing additional support services, as needed, and adding more staff at the k-8 level to help students during their developmental and transitional years, we believe we can support all students to thrive.

This budget also addresses many long-range achievement targets, such as increasing pre-k for four-year-old children by expanding our program sites from three schools to all six of our elementary schools, assuming enrollment warrants it. This would mean the availability of 192 pre-K slots, which doubles our current cap of 96 children.

This budget allocates more staff to the middle schools, which will result in the ability for them to operate on an eight period day. Through this structure, students will benefit from more instructional minutes per day, and staff will have more time to meet during the day for planning and professional development.

The proposed budget also adds more instructional Teachers on Special Assignment (TOSA) for the purposes of professional development and curriculum development and alignment. This budget returns support personnel to a level we could only previously afford due to a competitive grant the district received from the Teacher Incentive Fund (TIF).

The proposed budget also adds additional counselors to the middle schools, maintains elementary behavior management licensed support staff at full time, and adds learning resource center assistants at the elementary level, and also adds skill builders at schools to help young children develop self-regulation skills. These initiatives are all in recognition of the social emotional challenges some students may face and that may have been exacerbated during the past year of isolation due to COVID.

The Social/Emotional Learning (SEL) program in place at the high school will remain, in addition to counseling services available at the school-based Health Clinic. The district will continue adding staffing to the Bear Hugs program, and is increasing the length of the day for childcare, in order to meet the needs of families. These components are included in the proposed budget.

Through federal Relief funds, Math specialist positions are being returned to the elementary level in the planned budget through 2023. These positions were reduced some time ago, due to reductions in State School Funding. Full time Physical Education, Music, and Counseling positions will remain at the elementary level. An

elementary rotation of Spanish, Art, and STEM (Science, Technology, Engineering and Math) will be staffed for the upcoming school year.

## District Goals

## Goal area 1: School Improvement

I want to express my sincere gratitude to the members of our curriculum and instruction teams, including district and school level administrators, Teachers on Special Assignment, licensed planning teams, classified staff, and genuinely, the whole McMinnville School District.

Our focus on school improvement, when the pandemic struck, was much about shifting our teaching and learning skills and strategies to limited in-person learning and comprehensive distance learning. This resulted in trainings and meetings taking place remotely for adults, as well as for students. A family resource site and a staff resource site were established to facilitate access to remote training and informational updates. A new parent help desk was implemented, and family support training was provided.

The district provided Chromebooks and hot spots to every student who needed one or both. The IT department worked tirelessly to ensure that devices were in the hands of all our student. These shifts in our practices and daily structures were made in addition to the everyday delivery of instructional content to our students.

It can be easy to focus on what was missing from this last year. However, it is important to acknowledge many positives that will also have future applications to our practice when we return to our 'new normal'. There are new skills our teachers and students have acquired during the pandemic that will remain with us, such as how a student can communicate with their teacher from home or how a teacher can utilize technology tools to enhance instruction.

This year, School improvement also had to do with improvement of facilities, in terms of sanitation, ventilation, and access to more hand washing stations, water bottle stations, individual desks, face coverings, and plexiglass shields. School improvement required certain health and safety protocols, such as posted "blueprints" that identified contact tracing plans, student and staff health screenings, and so much more.

## Goal area 2: Resources

In the context of a budget message, the superintendent talks about the dollar and cents of it all. Here, however, I want to make sure that I mention the people resources that we are gifted to have within our school district.

We were funded to provide meals to students without charge this year, and we are thankful for a federal waive that allows the district's Nutrition Services Department to feed all McMinnville students for free in the upcoming school year. It is our people, district nutrition and transportation staff, that "delivered," and will continue to deliver, meals for students, no matter the barriers placed before them.

During the pandemic, Nutrition Services prepared meals for walk up or drive-by pick up in front of our schools, they rode along with bus drivers to deliver meals in neighborhood settings, they prepared holiday boxes, and they were on the job every day.

And speaking of buses, it should not go without further notice that our partners at First Student helped clean schools in the early days of COVID. It took many people, wearing many different hats, to help make schools safe for students and staff.

Our coaches, activities, and music staff were among the first to engage with students, in terms of in-person learning. In fact, since August 2020, many coaching staff have met with small groups of student athletes for fitness training and skill building to prepare for this spring, as competitive athletics have returned.

Band staff took to the outdoors at the high school stadium, and the choir learned to create virtual concerts. Teachers at several of our schools volunteered to teach limited in-person instruction, while many others, statewide, remained distant from their students.

Our secondary custodians helped, daily, at the elementary schools to make sure areas were properly cleaned between student groups, when students returned for hybrid learning. They did so between their regular work at their assigned secondary school building.

It is also important to remember the recent creamery fire. Our maintenance team replaced filters, which had just been recently replaced, due to the smoke from the creamery fire. They followed up to further 'flush' our buildings, after it was found that the fire continued to burn over an extended period of time.

We are fortunate to have a 21st Century Community Learning Centers grant to fund afterschool and summer school programs. We are also fortunate that the Governor and legislature, via the Oregon Department of Education, has allocated additional money for summer programs to help address the academic and social/emotional needs children may have, due to the prolonged Comprehensive Distance Learning that resulted from the pandemic.

All student groups and focal groups performed above state average.

| English/Language Arts <br> (Composite of all Tested Grades) |  |
| :--- | :--- |
| Student Group | \% MSD Students Performed <br> ABOVE State Average |
| All Students | $+4.3 \%$ |
| White | $+5.9 \%$ |
| Latino | $+8.5 \%$ |
| English Learners | $+0.9 \%$ |
| Students <br> w/Disabilities | $+0.9 \%$ |
| Mathematics (Composite of all Tested Grades) |  |
| Student Group | $\%$ MSD Students Performed <br> ABOVE State Average |
| All Students | $+10.6 \%$ |
| White | $+11.7 \%$ |
| Latino | $+15.5 \%$ |
| English Learners | $+5.8 \%$ |
| Students <br> w/Disabilities | $+5.2 \%$ |

Our 2020 graduation rate was also above state average. Our English language learners and migrant students performed exceedingly well, as compared

At the end of the day, however, it is not just about having adequate funding available. It's also about having people who want to do the work and deliver the services and support to our children, and these include services that may be out of a staff member's ordinary work schedule and which are subject to so many COVID specific protocols.

We remain incredibly grateful to those who are organizing, planning, and working to provide student programming during the upcoming summer months. People, are our most important McMinnville resource. They are making a difference every day-not just during the pandemic, but historically, as evidenced in our 2019 statewide assessment data as compared to the state average.

| 2020 Four-Year Cohort Graduation Rate Comparison |  |  |  |
| :--- | :--- | :--- | :--- |
| Student Focal Group | MHS | State of <br> Oregon | \% MHS is <br> ABOVE/BELOW <br> State |
| All Students | $92 \%$ | $83 \%$ | $+9 \%$ |
| White | $93 \%$ | $84 \%$ | $+9 \%$ |
| Latino | $90 \%$ | $80 \%$ | $+10 \%$ |
| Students w/Disabilities | $75 \%$ | $68 \%$ | $+7 \%$ |
| Career/Technical Education <br> Participants | $>95 \%$ | $91 \%$ | $+4 \%$ |
| Career/Technical Education <br> Completers | $>95 \%$ | $95 \%$ | $+1 \%$ |
| On time Graduation Rate | $91 \%$ | $80 \%$ | $+11 \%$ |

to state average.

Students who were English learners during high school had a graduation rate that was $20 \%$ above state average. The graduation rate among migrant students was above $95 \%$, and ranked among the
highest of any district in the state with a similar number of migrant students.

We are about to enter a new biennium, building our school district budget on revenue estimates that have not yet been finalized by state leaders. The governor and legislature reached a conceptual agreement on Friday, May 15, 2021 to allocate $\$ 9.3$ billion into the State School Fund over the next two years. School District leaders continue to advocate for a $\$ 9.6$ billion appropriation. It is important for the state to deliver an adequate State School Fund. Without it, schools cannot grow or sustain programs over time.

## Goal area 3: Relationships

Our relationship with the Yamhill County Health Department has played a critical role and continues to be a very important partner in the battle against COVID. Their team has tirelessly worked with us and other partners like the Tualatin Valley Fire and Rescue team and Providence Health to provide onsite vaccines, first to our staff, other members of the community, and now to students starting with those 16 and older just a week ago. This week, the onsite vaccines are beginning for children age 12 and older. Vaccination programs have occurred at McMinnville High School many times, at Duniway Middle School at least twice, and will next occur at Washer Elementary School, in an effort to help our students and community members get vaccinated in the most convenient manner possible.

When we talk about the COVID partnerships the district has built, we also include partnerships with our administrative and custodian staff, who have and continue to prepare and organize the vaccination and testing centers, our communications staff who post and send out frequent notifications about vaccine clinics, and our human resources and secretarial teams who personally facilitated vaccine registration before
walk-in clinics became available.

We are looking forward to renewing our partnership with the Evergreen Aviation and Space Museum. We have begun that process through partnering with Evergreen Museum and Wings and Waves to provide our students and families with summer programming. Evergreen will assist us in providing access to space and aviation camps and water safety and survival swimming at the Wings and Waves waterpark. We are now in the process of planning, along with Evergreen, for other STEM related student experiences in the fall and beyond.

Our dual high school/college credit program remains one of the strongest performers in the state. The number of dual high school/college credits McMinnville high School (MHS) students' earned during the 2019/20 school year, in courses taught by dually accredited MHS teachers on the high school campus, saved families significant dollars in college tuition last year.

We will continue to develop our working relationship with Chemeketa Community College and other area colleges to provide advanced learning opportunities and college credit for our MHS students.

The district, and district personnel, have experienced many honors over these last nineteen
years. This year, we received the Magna Award from the National School Board Association. We were one of only five districts in the nation to be honored with such an award. It was granted for our birth to five-year-old Ready for Kindergarten program. The program has been in operation for a decade. It targets low-income, English learners, children of color, and other underserved children and families.

The program has proven highly effective, with new assessment data that shows children whose parents participated in the Ready for Kindergarten program significantly outperformed children of nonparticipating families in Marion, Polk, and Yamhill counties. The children of our Ready for Kindergarten families performed significantly (18\%) above state average on the Oregon Kindergarten Assessment. The Magna award, recognizing the district's birth to five program is just one of many achievements we should all be very proud of.

It is also important to note that for the $12^{\text {th }}$ consecutive year, MSD has been awarded a certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association and the Association of Business Officials International. Such awards are due, in large part, to our Finance Director, Susan Escure. Susan has been leading the district Finance Services Deptartment for 13 years. She is retiring soon. This budget represents her last for the McMinnville School District. Susan is known for doing her job to the highest level possible. She will be missed by the administrative team and I wish to
acknowledge her as one of the finest financial directors I have ever had the opportunity to work with. The McMinnville School District has truly benefitted from her work.

Susan Escure

## Conclusion:

This year, the word 'conclusion' has a particularly personal meaning to me. This concludes my last budget message to you, the important members of the budget committee, our school board, our staff, and our community. Since the 2002-2003 school year, I have had the privilege to work with all of you. While I know it is the school board who hires the superintendent, I have always known that I, like our board and our staff know, that we all work on behalf of our students. Our work is for them, who we often call 'our kids.'

The financial resources, the budget appropriations, and the programs the budget funds provide a focus and vehicle for all that transpires between the people we serve, the administrators, district staff, students, and the community.

The 2021-2022 proposed budget restores and adds new positions. It addresses the need to accelerate student learning in the year ahead, due to the pandemic. It provides for an increased capacity to deal with children who may face challenges transitioning back to in-person learning.

Recognizing how critical early learning experiences are to overall child development and school success, the budget also provides more opportunities for families in need of prekindergarten programs and support. Such Pre-K services will be provided free of charge to families.

The 2021/22 budget also provides for increased staff development and robust and enhanced student learning opportunities.

It remains important, too, that school leaders continue to advocate for a sufficient State School Fund, in order to sustain continuity of services to children.

It is unfortunate that so many different funding sources need to be cobbled together every year to ensure a quality education for our students. The Oregon Quality Education Commission reports, over the last decade, demonstrate the need to better fund Oregon schools. An appropriation of $\$ 9.6$ billion would better suit MSD and all other districts in the state for the current biennium and succeeding ones.

Nevertheless, as I look back over the nineteen budget messages I have prepared, over these many years, I believe the district is better positioned than it has been in many bienniums. The combination of resources provided through the Student Investment Account, Measure 98, the State School Fund, ESSER funds, summer school grants, federal and state grants, and competitive grants the district has been awarded, will enable us to better address the needs of our students, accelerate their learning, and prepare them for success in postsecondary experiences.

What we are most proud of, however, are not the awards mentioned previously, though they are appreciated. What is most important is the honor of working side-by-side with the most incredible students and the best of colleagues one could ever hope for. It is the day-on-day effort to overcome adversity, celebrate successes, and witness a child's
eyes light up as they grasp a concept, displaying confidence in their individual ability to succeed.

Grandhaven students participate in Limited inperson Instruction during COVID-19. Student desks have plexiglass screens around them. Students and staff wear masks. All surfaces are cleaned then sterilized using UV light wands.

The 2021-22 school year will be a great year for students, which means it will be a great year for the McMinnville School District!

Respectfully submitted,

Superintendent, McMinnville School District

McMinnville School District No. 40

## BUDGET AT A GLANCE

## BUDGET SUMMARY BY FUND

The 2021-22 budget for all funds is $\$ 136,884,599$, an increase of $\$ 13.7$ million or $11 \%$ from the prior year's budget. The funds with the greatest changes are the General Fund, the Grants Fund and the Capital Projects Fund.

The General Fund reflects a $1.8 \%$ increase in operating revenues and an additional $\$ 1$ million in beginning fund balance compared to the 2020-21 adopted budget.

The Grants fund includes new resources of $\$ 6.8$ million from the Federal Elementary and Secondary School Relief Fund (ESSER) and $\$ 1.8$ million from the Oregon Summer Learning grant.

The Capital Projects Fund includes a $\$ 2.5$ million seismic grant (awards to be announced May $20^{\text {th }}$ ) and $\$ 1$ million in proceeds from the sale of bonds.

|  | 2020-21 <br> Budget |  | 2021-22 <br> Budget |  | Change |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| 100 - General Fund | \$ | 82,050,569 | \$ | 84,393,279 | \$ | 2,342,710 | 2.9\% |
| 201 - Asset Reserve Fund |  | 2,080,000 |  | 2,724,800 |  | 644,800 | 31.0\% |
| 202- Construction Excise Tax Fund |  | 905,000 |  | 1,045,000 |  | 140,000 | 15.5\% |
| 203 - Textbook \& Tech Reserve Fund |  | 276,000 |  | 421,000 |  | 145,000 | 52.5\% |
| 205 - Insurance Reserve Fund |  | 450,000 |  | 403,000 |  | $(47,000)$ | -10.4\% |
| 208 - Student Body Fund |  | 1,650,000 |  | 1,750,000 |  | 100,000 | 6.1\% |
| 210 - Grants Fund |  | 13,850,223 |  | 21,398,656 |  | 7,548,433 | 54.5\% |

| 700 - Scholarship Fund |  | 172,000 |  | 170,000 |  | $(2,000)$ | -1.2\% |
| TOTAL ALL FUNDS | \$ | 123,198,293 | \$ | 136,884,599 | \$ | 13,686,306 | 11.1\% |

## RESOURCES - ALL FUNDS COMBINED

This table represents estimated total resources for the District (all funds) by major source compared to the prior year's budget.

Local sources, primarily property taxes, are estimated to increase by 4\%.

The increase in state sources is related to the new Oregon summer learning grant ( $\$ 1.8 \mathrm{~m}$ ) and an application for a state seismic grant ( $\$ 2.5 \mathrm{~m}$ ). The state school fund grant, estimated at the state-wide appropriation level of $\$ 9.3$ billion for the 2021-23 biennium, reflects an increase of $\$ 640,000$.

Federal sources are estimated to increase by $\$ 7$ million with the receipt of ESSER funds.

|  | 2020-21 <br> Budget | 2021-22 <br> Budget | Change |  |
| :---: | :---: | :---: | :---: | :---: |
| Resources by Major Source |  |  |  |  |
| 1000 - Local Sources | 31,586,511 | 32,755,196 | 1,168,685 | 4\% |
| 2000 - Intermediate Sources | 2,326,685 | 2,484,989 | 158,304 | 7\% |
| 3000 - State Sources | 63,756,797 | 67,381,994 | 3,625,197 | 6\% |
| 4000 - Federal Sources | 8,376,450 | 15,377,720 | 7,001,270 | 84\% |
| 5100 - Bond Proceeds | - | 1,000,000 | 1,000,000 |  |
| 5200 - Interfund Transfers | 500,000 | 750,000 | 250,000 | 50\% |
| 5400 - Beginning Fund Balance | 16,651,850 | 17,134,700 | 482,850 | 3\% |
| Total Resources | 123,198,293 | 136,884,599 | 13,686,306 | 11\% |

## REQUIREMENTS BY MAJOR FUNCTION - ALL FUNDS COMBINED

The largest investment in the 2021-22 budget is for direct instruction to accelerate learning and provide social emotional supports to students. Instruction services reflect an increase of $\$ 6.9$ million, a $12 \%$ increase.

Support services include expenditures of utilities, building repairs and student transportation. These expenses are estimated to increase by $6 \%$. The support services increase also includes investments in improvement of instruction, staff development, office of the principal and central office services.

The increase in facilities construction is largely the result of funds being set aside for a seismic project at Patton Middle School.

|  | 2020-21 Budget | 2021-22 <br> Budget | Change |  |
| :---: | :---: | :---: | :---: | :---: |
| Requirements by Function |  |  |  |  |
| 1000 - Instruction | 59,029,619 | 65,965,625 | 6,936,006 | 12\% |
| 2000 - Support Services | 31,244,738 | 33,258,303 | 2,013,565 | 6\% |
| 3000 - Enterprise \& Community Sen | 4,739,714 | 4,805,007 | 65,293 | 1\% |
| 4000 - Facilities Acquistion \& Const | 5,730,000 | 9,793,300 | 4,063,300 | 71\% |

## REQUIREMENTS BY OBJECT - ALL FUNDS COMBINED

Increases in salaries and benefits reflect the increase in staffing of 80 employees funded primarily from the Federal ESSER funds. Payroll costs will increase at a lesser percent than salaries with a reduction in the District's PERS rates by 4 percentage points.

Supplies and materials increase includes setting aside \$500,000 for a large textbook adoption for language arts and additional software for teaching and learning, parent communications, and cybersecurity needs.

| Requirements by Object | 2020-21 <br> Budget | 2021-22 <br> Budget | Change |  |
| :---: | :---: | :---: | :---: | :---: |
|  |  |  |  |  |

| Total Requirements | 123,198,293 | 136,884,599 | 13,686,306 | 11.1\% |

## GENERAL FUND RESOURCES

The main source of revenue for the General Fund is the state school fund formula revenues which make up approximately $95 \%$ of total operating revenues (this includes local property taxes, the state school fund grant and the common school fund). The state school fund grant was estimated using a state appropriation level of $\$ 9.3$ billion for the 21-23 biennium.

The District estimates a $\$ 9$ million beginning fund balance. The District requirement is to have $8 \%$ of revenues in reserves ( $\$ 6$ million). The District plans to spend down approximately $\$ 1$ million each year over the next two years to offset the shortfall in state revenues.

|  | 2020-21 <br> Budget | 2021-22 <br> Budget | Change |  |
| :---: | :---: | :---: | :---: | :---: |
| Resources by Major Object |  |  |  |  |
| 1000 - Local Sources | 16,321,000 | 17,011,000 | 690,000 | 4.2\% |
| 2000 - Intermediate Sources | 2,175,000 | 2,196,500 | 21,500 | 1.0\% |

| SSF Formula Revenues | 70,929,569 | 71,690,779 | 761,210 | 1.1\% |

## GENERAL FUND REQUIREMENTS BY FUNCTION

Both instruction and support services are estimated to increase by approximately two percent compared to last year's budget mostly due to increases in staffing and cost of living increases. The District's estimates maintaining $\$ 8$ million of reserves at the end of 2021-22 with the assumption that contingencies go unused.

|  | 2020-21 <br> Budget | 2021-22 <br> Budget | Change |  |
| :--- | ---: | ---: | ---: | ---: |
| Requirements by Function |  |  |  |  |

## GENERAL FUND REQUIREMENTS BY OBJECT

Wages and benefits account for $86 \%$ of the General Fund budget. This year increases in payroll costs are offset by a reduction in PERS costs. Other objects include property and liability insurance costs which is expected to increase significantly next year.

McMinnville School District No. 40

## SUMMARY OF THE 2021-22 PROPOSED BUDGET

## Economic Climate

The State School Fund (SSF) formula revenues make up 95\% of the District's General Fund operating revenues ( $\$ 71.7$ million). These revenues include property taxes, the Common School Fund, and the Oregon State K-12 budget allocation. Every two years, Oregon adopts a biennial budget that determines the state allocation based on economic forecasts.

Last year at this time, the state revised their 2019-21 biennial revenue forecast down by $\$ 2$ billion due to the pandemic. As of the March 2021 forecast, state revenues have actually exceeded the 2019 estimates by over $\$ 900$ million. Thankfully, there were no reductions to the State School Fund Grant for the 2020-21 fiscal year.

The state biennial budget, which will determine state school funding for the 2021-22 and 2022-23 fiscal years, is still being decided. Currently, the forecast for the next two years is a $1.6 \%$ increase over this biennium. When you divide that over two years, the annual increase is not sufficient to keep up with rising costs. The District will need to use a portion of the Federal pandemic relief funds to offset state revenue shortfalls.

## General Fund (100)

The proposed budget includes total appropriations of $\$ 76.9$ million for the General Fund. The projected SSF formula revenue is estimated at the level of a $\$ 9.3$ billion State K-12 allocation.

The District began the 2020-21 fiscal year with $\$ 7.8$ million in ending fund balance. The estimated beginning fund balance for the proposed budget is $\$ 9$ million. There have been savings in the General Fund due to distance learning in the following accounts: substitute services, wages and benefits due to vacancies, utilities, student transportation, supplies and services. The proposed budget assumes spending down \$1 million of reserves.

The savings in the General Fund would not have occurred without the receipt of Federal relief funds which offset the added costs this past year for providing comprehensive distance learning and health and safety supplies and services to allow staff and students to return to buildings.

Assumptions for enrollment, class size, and employment costs, in addition to a summary of the District's staffing plan are presented in tables following this overview. Costs for utilities and student transportation are estimated to increase by 5\%. Costs for property and liability insurance are estimated to increase by 20\% per PACE, our Oregon education property-casualty insurance provider.

During the 2020-21 fiscal year, the board made one budget resolution to the General Fund to increase the transfer to the Asset Reserve Fund by $\$ 250,000$ and reduce Support Services by $\$ 250,000$. This restored the transfer to the normal level of $\$ 500,000$ per year.

## GRANT FUNDS (210)

These are designated-purpose funds for programs of a special nature. Their uses and limitations are specified by the grantor entity. Generally the resources of this fund cannot be diverted to other uses. The major anticipated grants are included in the proposed budget. In addition, sufficient appropriations are made each year for new grant revenues that are unknown at the time of developing the budget.

There is a significant increase to budgeted expenditures in this fund with the receipt of new grant monies from the Federal ESSER grants ( $\$ 6.8 \mathrm{M}$ ) and the Oregon Summer Learning Grant ( $\$ 1.8 \mathrm{M}$ ). These new resources are targeted to address health and safety, accelerate learning, provide social and emotional well-being of students and provide for other educational supports, technology and facility needs.

| Furniture | Student desks and chairs | $\$ 300,000$ |  |

## Measure 98 - High School Success

The High School Graduation and College and Career Readiness Act was approved by voters in 2015 (Measure 98). It requires the legislature to distribute at least $\$ 800$ per high school student each year for career and technical education programs, college-level educational opportunities and dropout prevention strategies. In the 2017-19 biennium the state partially funded this initiative. The Student Success Act of 2019 (paid for by the Corporate Activity Tax) allocates an additional $\$ 133$ million to fully fund this initiative. The following spending plan is based on preliminary funding estimates of $\$ 1.75$ million for the McMinnville School District.

| Activity/Expenditure | FTE | Budget |
| :--- | ---: | ---: |
| CTE teachers, Assistant Principal and career pathway supplies and <br> equipment. | 6.00 | $\$ 740,304$ |
| College Readiness staffing, services and supplies | .40 | 193,338 |
| AVID and seminar staffing, professional development, supplies | 3.25 | 454,855 |
| Dropout Prevention - Support Center counselor, attendance dean, <br> data analyst and family engagement staffing and supplies | 2.00 | 269,340 |
| After school and summer school programs |  | 96,390 |
| Total | $\mathbf{1 1 . 6 5}$ | $\mathbf{\$ 1 , 7 5 4 , 2 7 7}$ |

## School Investment Account (SIA)

During the 2019 legislative session, Oregon passed the School Success Act SSA) which when fully implemented is expected to invest $\$ 2$ billion each biennium ( $\$ 1$ billion annually) to enhance Oregon education. The source of funding for these initiatives is the Corporate Activity Tax (CAT), a tax on business receipts. The SSA funds equity-focused grants to Districts (50\%), statewide initiatives (30\%) and early learning initiatives (20\%). Prior to the beginning of the pandemic, the District was allocated $\$ 5.5$ million for the 2020-21 school year. This was reduced to $\$ 1.7$ million.

For 2021-22 the District's allocation is $\$ 4.36$ million. The spending plan on the next page was developed from the activities approved in the District's original plan from March 2020.

## McMinnville School District

## Student Investment Account Plan

| Revised May 17, 2021 |  | Fully Funded Plan for 2020-21 |  | Revised 20-21 <br> Allocation |  | 21-22 Allocation |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Activity \# | Activity Description | \$ | 5,506,247 | \$ | 1,712,217 | \$ | 4,355,710 | COMMENTS |
| Admin Costs | Administrative Indirect Cost at ODE Rate | \$ | - | \$ | 48,285 | \$ | 122,832 |  |
| 1a | Increase collaboration time without reducing student instruction time. Add two days | \$ | 500,000 | \$ | - | \$ | 504,105 | Additional two day for Licensed and Classified staff. |
| 1b | Increase collaboration time at Middle School with a Block Schedule. | \$ |  | \$ |  | \$ | 605,162 | Additional 5.5 licensed classroom FTE |
| 2 | Increase special education staffing to support students with disabilities (IEPs). | \$ | 267,560 | \$ | 84,906 | \$ | 347,103 | Licensed mentor/coach and six instructional assistants. |
| 3 | Hire licensed and classified skill building support staff K-8 for students with lagging skills in behavior. | \$ | 721,758 | \$ | 377,533 | \$ | 768,957 | Two 7 hr per day skill builders per elementary and middle school. |
| 4 | Partner with community health specialists to provide school based services for mental health. | \$ | 280,000 | \$ | 150,784 | \$ | 155,000 | Partnerships with Yamhil County and Lutheran Family Services |
| 5 | Hire clinical social worker to facilitate behavior and family interventions and support for student success. | \$ | 103,254 |  |  | \$ | - |  |
| 6 | Convert Student Management TOSAs from 0.5 FTE to 1.0 at every elementary school. | \$ | 255,946 | \$ | 234,710 | \$ | 230,646 | Added two licensed TOSAs. |
| 7 | Increase counseling support to build social emotional skills, behavior supports and drug and alcohol prevention. (Spanish language preferred) | \$ | 288,565 | \$ | - | \$ | 200,844 | Adding two Middle School counseling positions. |
| 8 | Increase School Psychologists to support Multitiered Systems of Support and students with disabilities. (2 FTE) | \$ | 178,258 | \$ | 215,133 | \$ | 238,656 | Added 2 School Psychologists. |
| 9 | Increase Speech Pathologists to support students with communication needs. (1.5 FTE) | \$ | 133,694 | \$ | 172,820 | \$ | 176,367 | Added 1.5 Speech Pathlogist |
| 10 | Increase Nursing services to meet student health needs. | \$ | 35,652 | \$ | 40,593 | \$ | 45,659 | Add . 40 Nurse |
| 11 | Purchase social emotional learning curriculum to help teach social and self-regulation skills. | \$ | 58,500 | \$ |  | \$ | - |  |
| 12 | Reduce class size at all levels. | \$ | 1,040,000 | \$ | - | \$ | - |  |
| 13 | Increase the number of Teaching and Learning TOSAs (Teachers on Special Assignment) to support instruction, data analysis, and student management strategies to be assigned to each building. (5 FTE) | \$ | 608,082 | \$ | 174,614 | \$ | 381,557 | Add 3.0 Licensed TOSAs. |
| 14 | Implement AVID school-wide at middle school to enhance student success. (. 33 FTE per Mid Sch) | \$ | 129,801 | \$ | 20,000 | \$ | 90,300 | Add . 33 Licensed FTE per middle school |
| 15 | Expand early learning opportunities (PreK) to each elementary school. | \$ | 199,467 | \$ | 6,000 | \$ | 195,752 | 3 Pre-K Leaders |
| 16 | Hire Summer Learning and Afterschool TOSA to enhance opportunities and equity of programs. | \$ | 77,441 | \$ |  |  |  |  |
| 17 | Fund expanded summer programs and sustain and enrich after school learning programs. | \$ | 252,484 | \$ |  | \$ | - |  |
| 18 | Increase bilingual secretarial staff to provide improved access to school for Spanish speakers. | \$ | 110,785 | \$ | 115,513 | \$ | 114,257 | Increased bilingual secretary hours and days so each school has one 8 hour position. |
| 19 | Hire Equity \& Family Partnership TOSA to support equitable outcomes for students in focal populations through data collection, parent partnerships and extended school year learning opportunities. | \$ | 151,280 | \$ | 18,412 | \$ | 111,523 | 1.0 FTE Equity \& Family Partnership TOSA to be hired. |
| 20 | Provide after school opportunities to students for bilingual development in Spanish. | \$ | 49,579 |  |  |  |  |  |
| 21 | Increase dropout prevention/family liaison for attendance, homeless and foster student support. (Spanish language preferred) | \$ | 64,141 | \$ | 52,914 | \$ | 66,990 | 1.0 DOP FTE has been hired. |

## DEBT SERVICE FUNDS

Debt Service Fund (310)
This fund accounts for the District's repayment of general obligation bonds. The use of the bond proceeds for capital construction and improvements is accounted for in the Capital Projects Fund (400). The requested bond levy to fund the 2020-21 debt service payments is $\$ 10,300,000$. The estimated tax rate is $\$ 2.60$ per $\$ 1,000$ of assessed property value. When the District asked voters to approve the 2016 Bond, we estimated that the rate would be at $\$ 2.80$ per $\$ 1,000$ of AV.

The District is currently in the process of refunding the 2013 issuance to take advantage of reduced interest rates. In addition the Board has authorized the sale of the $\$ 1$ million of GO bonds from the 2016 bond measure. The District estimates that there will not be a significant change to debt service from the net results of these two transactions.

## CAPITAL PROJECT FUND (400)

The Capital Project Fund accounts for the proceeds from the 2016 Bond and other resources restricted to capital improvement projects. Approximately $\$ 2.7$ million remain from bond proceeds. The District plans to add $\$ 3.5$ million in resources from the sale of $\$ 1$ million in bonds and a seismic grant application. These funds are being reserved for a seismic rehabilitation project at Patton Middle School.

## OTHER FACTORS IMPACTING THE 2021-22 BUDGET

## Public Employee Retirement System (PERS) Rates

PERS contribution rates are set once every biennium. They are based on fund performance over the 18 months prior to the effective date of the rate change and the actuarial projections of fund liabilities. The District's employer rates are determined based on the school pool rates and then reduced by amortization of the side account funded through PERS bonds in 2002 and 2004. For the 2021-23 biennium, our rates are $4 \%$ lower than the prior biennium. This is approximately a $\$ 1.5$ million reduction in payroll costs over all funds.

## Employee Group Contracts

The contract between the District and the Oregon School Employee Association (OSEA) continues through 2022-23. For the 2021-22 fiscal year, the contract includes a 3.5\% COLA, steps for those eligible and a $6 \%$ increase in insurance benefits.

The contract between the District and the McMinnville Education Association (McEA) continues through 2023-24. For 2021-22, this includes a COLA of 2.75\%, a step increase for those eligible, and a 5\% increase in insurance benefits.

Administrators receive the same wage and benefit increases as licensed staff. Similar assumptions were made when budgeting for administrative positions.

Supervisory and Confidential employees will receive the same COLA and benefits as the classified employee group.

Employee salaries and benefits, which represent approximately 86\% of the District's General Fund budget, will continue to rise through a combination of employee step movements, licensed staff column movements, cost of living increases, and increases in employer contributions toward Public Employee Retirement System (PERS) benefits. As salaries and benefits make up the largest percentage of the District's operating expenditures, they are likely to be impacted if operational cuts are needed to address declines in available resources.

## Technology Replacement and Textbook Adoptions

With the pandemic, the District deployed one to one devices to students, hotspots to those without internet connections and invested in software and training in order to provide a comprehensive distance learning program. Additionally, over the past decade, the District has made significant investments in security equipment such as cameras and door access controls. New investments are also needed to enhance cybersecurity measures. Since the Great Recession, we are challenged every year to find funding for annual technology replacement needs. For the 2021-22 school year we will rely on a combination of the General Fund and ESSER grant funds. However, by the 2023-25 biennium, the District will need to add funding for these replacements in the General Funds.

Textbook adoptions differ greatly in cost from year to year. For now we plan to build up funds in our Textbook and Technology Reserve Funds and use ESSER grant funds for textbook adoption in the next two years.

## Average Daily Membership Weighted (ADMw)

|  | Final | Final | Estimate | Estimate |
| :---: | :---: | :---: | :---: | :---: |
| Extended (ADM) weighted * | 7,887 | 7,887 | 7,868 | 7,831 |
| State ADMw | 704,553 | 704,654 | 709,082 | 703,000 |
| MSD as percent of the State | 1.12\% | 1.12\% | 1.11\% | 1.11\% |

* The "extended" ADMw is the greater of the current year or the prior year Average Daily Membership (ADMw). ADMw adds weights for students living in poverty, students with English as a second language, students with an Individual Education Plan (IEP) and more. (See the ADM table following the SSF estimate in this budget document)

# STATE SCHOOL FUND GRANT <br> 2021-2022 

Based on $\$ 9.299$ Billion Budget with a $49 / 51$ split as of $6 / 24 / 2021$

## Yamhill County, McMinnville SD 40-2256

| Yamhill County, McMinnville SD 40-2256 |  |
| :---: | :---: |
| 2021-2022 Local Revenue | 2021-2022 Transportation Grant |
|  2021-2022 Extended <br> 2021-2022 ADMw 7,835.04 2020-2021 ADMw 7,538.77 | W Extended ADMw 7,835.04 |

## 2021-2022 General Purpose Grant

Multiply the Teacher Experience Adjustment of 2.26 by $\$ 25$ then add $\$ 4500$ to the result $=\$ 4,556.50$
Then multiply $\$ 4,556.50$ by the Extended ADMw 7835.035 and then by the funding ratio $1.945579677405=\$ 69,457,850.10$

## 2021-2022 Total Formula Revenue

Add the General Purpose Grant $\$ 69,457,850.10$ to the Transportation Grant $\$ 2,117,500.00=\$ 71,575,350.10$

## 2021-2022 State School Fund Grant

Subtract the Local Revenue \$16,713,903.39 from the Total Formula Revenue \$71,575,350.10=\$54,861,446.71

## 2021-2022 Rates per ADMw

General Purpose Grant per Extended ADMw = \$8,865
Total Formula Revenue per Extended ADMw =
\$9,135
Charter Schools Rate( ORS 338.155 ) $=\$ 8,865$

McMinnville School District No. 40

# McMinnville School District 

2020-21 Budget Calendar

## NOVEMBER

- November 19, 2020 School Board approves Budget Calendar at

Regular Board Meeting

## APRIL

- April 21, 2021

MAY

- May 19, 2021

JUNE

- June 2, 2021

JUNE

- June 28, 2021

Budget Work Session at 7:00 p.m.

- Review information on enrollment forecast and estimated State School Funding
- Review latest economic forecast update

First Formal Budget Committee Meeting 7:00 p.m.

- Presentation of the Budget Message and Proposed Budget
- Public input, questions, comments

Second Formal Budget Committee Meeting 7:00 p.m.

- Levels/Department Reports
- Public input, questions, comments
- Budget approval

Public Hearing before School Board Business Meeting 7:30 p.m.

- Public Input
- Adopt budget, make appropriations, levy the taxes

## *Dates to Publish Budget Meeting Notices

- April 30, 2021 - Publish $1^{\text {st }}$ Notice of Budget Meetings
- May 7, 2021 - Publish 2 ${ }^{\text {nd }}$ Notice of Budget Meetings
- June 8, 2021 - Publish Notice of Budget Hearing

## McMinnville School District BUDGET COMMITTEE

## CITIZEN MEMBERS

Mr. Bob Clark
Mr. Jerry Hart
Mr. Jeff Knapp
Mr. John Linder
Ms. Janice Neuschwanger
Mr. Wesley Paul *
Mr. Larry Strober *

## McMINNVILLE SCHOOL DISTRICT

 ORGANIZATIONAL CHART$\left.\begin{array}{|c|c|c|c|}\hline \text { McMinnville School District } \\ \text { Board of Directors }\end{array}\right]$

## McMINNVILLE SCHOOL DISTRICT <br> IMPROVEMENT PLAN <br> 2020-2021

## GOAL 1 SCHOOL IMPROVEMENT

## Direct and support continued improvement of student learning, to achieve academic excellence by providing challenging learning opportunities which engage every student.

## OBJECTIVES

The District will:
A. Strive for the percentage of students at all grades who meet the State benchmarks in reading, science and math to be greater than state average and not less than the percentage of students meeting or exceeding state benchmarks in the previous year. The District will strive to maximize academic growth for every student.
B. Monitor and improve student performance in writing as measured by district writing tasks grades 3-10 and in grades 3-11 by the Smarter Balanced ELA assessment. The District will continue to focus on student writing as related to Common Core Priority Standards.
C. Continue to improve the dropout rate from the preceding year and remain below the state dropout rate.
D. Establish K-12 and school level data teams to decrease individual chronic absenteeism by $3 \%$ and achieve school attendance rates at or above $94 \%$ in secondary schools and $96 \%$ in elementary schools. The District will achieve a 4 year graduation rate for the class of 2021 of $95 \%$ or better and demonstrate progress in closing the achievement gap between all students and all focal populations.
E. Increase pathway endorsement recipients (2.5/credits) in core career pathways by 5\% annually at McMinnville High School. The percent of students earning pathway endorsements should represent the demographic make up of the student body. The district will strive to increase post-secondary enrollment each year.
F. Provide staff development aligned with the District's learning objectives and priorities. Develop tools that summarize participation by number and population; purpose; application of skills learned; improved outcomes for students.
G. Continue to improve the McMinnville School District 9-12 Alternative School and online course offerings. Establish a baseline and improve student return to campus rates to complete their high school experience.
H. Develop a comprehensive K-12 distance learning program in response to COVID-19. Provide comprehensive distance learning professional development to staff. Provide parents with training to assist them in supporting their child as a participant in comprehensive distance learning.
I. Develop a reporting tool for national comparisons of District outcomes for student performance.

## Direct and assure a high quality operation of the District to support the achievement of excellence in education.

OBJECTIVES
The District will:
A. Continue to maximize efforts to secure grants to support the work of the district including expansion of early learning programs. The District will continue to acquire and effectively use state, federal and private resources.
B. Maintain, nurture, and develop existing partnerships, including scholarship fund development for McMinnville School District graduates. The District will maintain a broad communication system to inform and educate graduating seniors of available scholarships and other forms of post-secondary tuition assistance. The District will establish a baseline number of students who apply, are awarded and who use scholarships which will be used to improve overall scholarship award and proportioned scholarship award to students in focal populations.
C. Monitor and oversee the allocation of Bond funds and execution of facility projects outlined in the MSD bond measure approved May 2016. The District will communicate with the community regarding project progress and with the Boardappointed Bond oversight committee. The District will update and revise its long range facility plans including historical decision making related to facility planning for future District facility needs.
D. Maintain current standards for financial reporting practices and third party evaluation.

## GOAL III RELATIONSHIPS

Engage in staff and community relations which enhance understanding and active participation of the entire community in support of the District's schools and programs.

OBJECTIVES
The District will:
A. Nurture within the community a positive recognition of McMinnville School District as a system directed toward high standards and excellence in all endeavors. Communicate with District patrons that great schools are fundamental to a great community. The District will continue its communication with the public about district progress and projects via newsletters, website, community presentations, and other informational formats as needed.
B. Nurture and encourage collaborative relationships to support improved professional practices within the district. Work with employee groups for successful contract negotiations.
C. Develop baseline data for parent education programs regarding post-secondary enrollment 2019-2020, number of programs and attendance at informational meetings. Improve upon baseline data, parent education programs and participation 2020-2021.

## Financial Management Goals and Policies

McMinnville School District's financial management goals and policies provide the framework for financial planning and decision making by the school board, budget committee, and district staff. They are designed to help ensure the financial integrity of the district which, along with prudent management of its financial resources, is necessary if the district is to provide the educational services, support services and facilities that address the needs and desires of our students, their parents, and the community.

The following goals and policies for the school district are intended to guide the district in its financial matters. The goals are broad statements of board philosophy for financial management of the district. The policies provide more specific direction for consistent financial management decisions.

## Financial Management Goals

1. The district will establish a financial base sufficient to support high quality and innovative education programs which meet community needs.
2. The district will follow prudent and professional financial management practices in order to achieve and maintain long-term financial stability.
3. The district will demonstrate to the taxpayers of the district and the financial community that its schools are well managed.
4. The district will provide cost-effective services to citizens by cooperating with other educational, government, and nonprofit agencies.
5. The district will have an adequate capital improvement program that maintains existing district assets, provides for student and employee safety, maintains a quality instructional environment, and allows for enhancements that are necessary to meet changes in enrollment.
6. The district will continually review and improve its formal budget document and other financial information so that it clearly and openly communicates its resources, expenditures, and financial position.
7. The district will communicate, as permitted by law, with its employees and the community so that they understand the district's program requirements and financial status.
8. The district will fully comply with financial related legal mandates, laws and regulations.
9. The district will establish and maintain internal control procedures for receiving, depositing, disbursing and transferring district funds to ensure district assets are safeguarded.

## Resource Planning and Budget Policies

1. The district estimates revenues, operating and capital expenditures, and debt service each year for the following five years.
2. The superintendent's proposed annual budget will respond to current district goals and policies and other long-range plans and needs of the district.
3. The operating and capital budgets will be proposed by the superintendent and approved by the budget committee consistent with the following criteria:
a. The physical safety of students and employees;
b. Instructional services that meet the needs of all students.
c. Include the District's mission and annual improvement plan goals as primary considerations.
d. Maintain a sufficient reserve balance to meet fund balance policy and protect the District's bond rating status.
e. Include enriched curriculum opportunities such as physical education, music, library services, counseling, athletics, high school career pathways and dual high school/college credit programs.
f. Propose a service level that is sustainable for at least two years.
4. The adopted budget must be balanced for all funds. Total anticipated resources should equal or exceed total appropriated expenditures.
5. The district will gradually fund reserve and replacement accounts for its future liabilities, claims and fixed assets.

## Revenue Policies

1. The district will strive to establish a stable revenue base for the operating budget for program needs through cooperation with its associations, legislators and other districts. The district will make capital funding requests periodically to assure adequate safety and preservation of school buildings, district equipment, and other capital assets.
2. The district will seek and utilize all available sources of revenue for financing its educational programs. This includes revenues from non-tax, local, state and federal sources such as grants.
3. The district may charge services fees intended to recover partial or full cost for use of its facilities, services or equipment, if permitted by law. Fees will be set based on the cost to the district, the ability of the user to pay, the degree to which the activity supports or detracts from the educational mission of the district and comparable fees charged by other organizations. Fees will be approved by the Board and reviewed periodically.
4. The budget should match ongoing expenditures to ongoing revenues. One-time resources should be used for one-time expenditures that will not create a continuing obligation for the district or an unsustainable level of expenditures.

## Expenditure Policies

1. The district will strive to administer expenditures of available resources to assure fiscal stability and the effective and efficient delivery of educational services.
2. Excess one-time funds may be available for capital, equipment, library books, textbooks, technology or other one-time projects that improve the district's productivity and efficiency, but only if ending fund balance is sufficient.
3. Expenditures will be regulated through appropriate internal controls and procedures administered by the finance director. The finance director will ensure expenditures comply with the legally adopted budget.
4. Department, school and grant administers will be accountable for the administration of their budgets. Monthly budget status reports will be provided by the accounting office.
5. The district will prepare monthly financial reports for school board and fiscal subcommittee.
6. All purchases of goods and services must comply with the district's purchasing policies and procedures and with state laws and regulations.

## Reserve Funds

1. The district considers long term planning and systematically saving for building improvements, major repairs, replacement equipment and other contingencies as prudent fiscal management. The Board may establish a new reserve fund by resolution.
2. State school funding can be unpredictable (both positive and negative) due to economic conditions and the complexity of the state school funding formula. Transfers from the general fund to a reserve fund will be legally appropriated each year as part of the adopted budget. Management will consider the current fiscal years projected available funds before making the transfer each year.
3. The following reserve funds have been established by the Board. The fund balances in these funds are committed by the Board in accordance with the purposes stated for each fund.

Asset Reserve Fund: This fund is committed as a reserve for capital asset repair and improvements.
Insurance Reserve Fund: This fund is committed as a reserve for uninsured losses, safety related expenditures and payment of insurance deductibles.

Textbooks and Technology Reserve Fund: This fund is committed as a reserve for technology and textbook replacement.

## Fund Balance Reporting

1. In accordance with Governmental Accounting Standards Board (GASB) Statement 54, this policy establishes the procedures for reporting fund balances in the financial statements. Certain commitment and assignments of fund balance will help ensure that there will be adequate financial resources to protect the district against unforeseen circumstances and events such as revenue shortfalls and unanticipated expenditures.
2. The Board recognizes that each fund must be designated as one of the following categories for purposes of annual financial reporting requirements:
a. Non-spendable - Fund which cannot be spent.
b. Restricted - Amounts subject to externally enforceable legal restrictions (imposed by grantors, contributors, governmental regulations, etc.)
c. Committed - Amounts whose use is constrained by limitations that a government imposes upon itself.
d. Assigned - Intended use of resources established by the governing body itself, or by an official or officers to which authority is delegated by the governing body.
e. Unassigned - Available for any allowable purpose. (General Fund only)
3. In addition to all reserve funds established by board resolution, the Board designates the PERS Debt Service Fund as a committed fund balance for PERS bond debt service payments.
4. The finance director is authorized and directed to prepare financial reports which accurately categorize fund balance as per GASB standards. The superintendent and finance director are authorized to assign portions of ending fund balance.
5. The Board considers the spending of restricted fund balance on purposes for which such funds can be used to occur first when funds are spent for restricted and unrestricted purposes. When unrestricted classifications of fund balance are spent, the board will consider that committed amounts will be reduced first, followed by assigned amounts and then unassigned amounts.

## General Fund Balance Policy

The Board recognizes its responsibility to establish a general fund balance ${ }^{1}$ in an amount sufficient to:

1. Protect the district from unnecessary borrowing in order to meet cash-flow needs;
2. Provide prudent reserves to meet unexpected emergencies and protect against catastrophic events;
3. Meet the uncertainties of state and federal funding; and
4. Help ensure a district credit rating that would qualify the district for lower interest costs and greater marketability of bonds that may be necessary in the construction and renovation of school facilities.

The Board directs the superintendent to include in the proposed budget, and designations for contingencies and unappropriated fund balance in such a way as to ensure budgeted reserves of no less than eight (8\%) percent of the general fund total resources net of the beginning fund balance. The Board encourages the superintendent to develop budgeted reserves greater than eight ( $8 \%$ ) percent, when possible, to offset state revenue shortfalls.

[^1]Additionally, the Board directs the superintendent to manage the currently adopted budget in such a way as to ensure ending fund balance of at least eight ( $8 \%$ ) percent of total actual general fund revenues. If there is significant shortfall in projected revenues during the year, the superintendent will meet with the Board to review a reduction/savings plan.

In determining an appropriate fund balance, the Board will consider a variety of factors with potential impact on the district's budget including the predictability and volatility of its expenditures ${ }^{2}$; the availability of resources in other funds as well as the potential drain upon general fund resources from other funds ${ }^{3}$; liquidity ${ }^{4}$; and designations ${ }^{5}$. Such factors will be reviewed annually.

## Capital Improvement Policies

1. Facilities are essential to the support of the district's instructional programs. The annual operating and capital budget will reflect the need to maintain and repair facilities to preserve the public's investment in district facilities and to minimize future costs of major renovation and/or replacement.
2. Construction, acquisition or improvements of capital assets may be financed with resources outside of the district's normal operating and maintenance budget (e.g., bonds issued or other methods of financing).
3. The district will maintain a current inventory of its capital assets, their condition, and replacement and maintenance costs.
4. The district will operate an ongoing preventive maintenance program to inspect facilities, inventory needs and perform required repairs and maintenance.
5. The district will plan for capital improvements over a multi-year period. The capital improvement program will reflect long-range plans and policies and growth projections. The staff and public will be involved in developing the capital improvement plan. The plan document will include estimates of known major capital needs extending beyond five years.

## Debt and Investment Management Policies

1. The district will seek to maintain an Aa3 Moody's bond rating or equivalent to preserve its access to credit and to minimize the cost of borrowing.

[^2]2. The district will use general obligation bonds or other financing instruments permitted by law to finance essential fixed assets, equipment, and capital improvements to support its instructional mission.
3. The district will periodically review debt capacity and historical bond levy tax rates as part of longrange capital planning to ensure that debt levels are prudent and affordable. Retirement of bonded debt shall not exceed the useful life of the capital improvements that have been financed.
4. The district will comply with debt issuance laws and regulations established by federal and state government and with Board polices.
5. The district will follow state law and local government investment guidelines and abide by the following prioritized criteria when making investments:
a. Preserve capital through prudent financial investments;
b. Maintain sufficient liquidity so that funds are available when needed; and
c. Achieve the best available rate of return on investments.

## END OF POLICY

## Legal Reference(s):

## CHART OF ACCOUNTS

The Oregon Department of Education adopts a chart of accounts used by school district to clarify revenues and expenditures. This chart of accounts is meant to define account classifications in a meaningful way to the users of financial information while confirming with Generally Accepted Accounting Principles (GAAP), a minimum standard and guideline for financial accounting and reporting.

In governmental accounting systems, the entity is viewed as a group of smaller entities called funds. A fund is a fiscal and accounting entity with self-balancing accounts set aside to carry on a specific activity or to meet certain objectives in accordance with a specific regulation. The requirements and resources of a fund must always balance. Every budget has at least one fund (commonly called the General Fund) which is used for everyday operation of the local government. The most common reason for establishing a special fund is to account for a revenue source whose use is limited to a particular kind of expenditure.

| FUND TYPE | BUDGETED FUNDS | FUND COMPONENTS |
| :--- | :--- | :--- |
| General Fund | 100 - General Fund | Accounts for all financial resources of the districts except <br> those required to be accounted for in another fund. This <br> is the primary operating fund of the District. |
| Reserve Fund | 201- Asset Reserve Fund <br> $203-$ Textbook \& Technology <br> $205-$ Insurance Reserve Fund | Local governments may setup reserve funds to <br> accumulate money for funding a particular service, <br> project, property or equipment. A reserve fund is a way <br> to save money from year to year for specific purposes. |
| Special Revenue <br> Funds | 202 - Construction Excise Tax <br> $208-$ Student Body Funds <br> $210-$ Grants Fund <br> $298-$ Nutrition Services | Accounts for the proceeds of specific revenue sources <br> (other than expendable trusts or major capital projects) <br> that are legally restricted to specific purposes. |
| Debt Service Funds | $300-$ PERS Debt Service <br> $310-$ Debt Service | Accounts for the accumulation of resources for, and the <br> payment of, general long-term debt, principal and <br> interest. |
| Capital Projects Fund | 400 - Capital Projects Fund | Accounts for financial resources used to acquire or <br> construct major capital facilities. The most common <br> source of revenue in this fund would be the sale of <br> bonds. |
| Trust and Agency <br> Fund | 700 - Scholarship Funds | Accounts for assets held by a district in a trustee <br> capacity of as an agent for individuals, private <br> organizations, other governmental units, and/or other <br> funds. |

## REVENUE DIMENSIONS

Revenues collected by school districts are first classified by fund, then by source.

| SOURCE | SOURCE DESCRIPTION |
| :--- | :--- |
| 1000 Revenue from Local Sources | Revenues from Local Sources include taxes levied by the district, <br> revenue from the appropriations of other local governments, tuition, <br> transportation fees, earnings on investments, food service revenues, <br> extracurricular activity revenue, and other similar sources. |
| 2000 Revenue from Intermediate <br> Sources | Revenue received as grants by the district and revenue received from <br> city and county or regional ESD are categorized here. |
| 3000 Revenue from State Sources | State School Fund revenues are recorded here as well as all other <br> restricted and unrestricted grants-in-aid received from state funds. |
| 4000 Revenue from Federal Sources | All restricted and unrestricted revenue received from the federal <br> government directly or through the state or through immediate <br> agencies. |
| 5000 Other Sources | Other sources of revenue include beginning fund balances, sale or <br> compensation for the loss of fixed assets, long-term debt financing, <br> and interfund transfers. |

## EXPENDITURE DIMENSIONS

Budget requirements are prepared by program. Programs are groups of activities to accomplish a major service or function. Schools use programs in budgeting - called "functions". The function describes the activity for which a service or material object is acquired.

| FUNCTION TYPE | FUNCTION DESCRIPTION |
| :--- | :--- |
| 1000 Instruction | Activities dealing directly with the teaching of students, or the <br> interaction between teacher and students. Teaching may be <br> provided for students in a school classroom, in another location <br> such as a home or hospital, or in other learning situations such as <br> those involving co-curricular activities. |
| 2000 Support Services | Support services are those services which provide administrative, <br> technical, personal (such as guidance and health), and logistical <br> support to facilitate and enhance instruction. |
| 3000 Enterprise \& Community | Activities concerned with operations that are financed and <br> operated in a manner similar to private business enterprises where <br> the stated intent is that the costs of providing goods and services to <br> the students or general public are financed or recovered primarily <br> through user charges and community programs. |
| 4000 Facilities Acquisition \& Construction | Activities concerned with the acquisition of land and buildings; <br> major remodeling and construction of buildings and major additions <br> to building; initial installation or extension of service systems and <br> other built-in equipment; and major improvements to sites. |
| 5000 Other uses | Activities included in this category are servicing the debt of a <br> district, conduit-type transfers from one fund to another fund and <br> apportionment of funds by Education Service Dist. (ESD). |
| 6000 Contingency | Expenditures which cannot be foreseen and planned in the budget <br> process because of an occurrence of an unusual or extraordinary <br> event. |

7000 Unappropriated Ending Fund Balance
7000 Unappropriated Ending Fund Balance

An estimate of funds needed to maintain operations of the school district from July 1 of the ensuing fiscal year and the time when sufficient new revenues become available to meet cash flow needs of the fund. No expenditure shall be made from the unappropriated ending fund balance in the year in which it is budgeted.

Within each function, the estimates of line item expenditures are detailed by object. An object is the service or commodity bought.

| OBJECT TYPE | OBJECT DESCRIPTION |
| :--- | :--- |
| 100 Salaries | Amounts paid to employees of the district who are considered to be in positions of <br> a permanent nature or hired temporarily, including personnel substituting for those <br> in permanent positions. This includes gross salary for personal services rendered <br> while on the payroll of the district. |
| 200 Associated Payroll Costs | Amounts paid by the district on behalf of employees; these amounts are not <br> included in the gross salary, but are over and above. Such payments are fringe <br> benefit payments, and, while not paid directly to employees, nevertheless are part <br> of the cost of salaries and benefits. |
| 300 Purchased Services | Services, which, by their nature, can be performed only by persons or firms with <br> specialized skills and knowledge. While a product may or may not result from the <br> transaction, the primary reason for the purchase is the service provided. Included <br> are the services of architects, engineers, auditors, dentists, medical doctors, <br> lawyers, consultants, teachers, accountants, etc. |
| 400 Supplies and Materials | Amounts paid for material items of an expendable nature that are consumed, worn <br> out, or deteriorated by use; or items that lose their identity through fabrication or <br> incorporation into different or more complex units or substances. |
| 500 Capital Outlay | Expenditures for the acquisition of fixed assets or additions to fixed assets. These <br> are expenditures for land or existing buildings; improvements of grounds; <br> construction of buildings; additions to buildings; remodeling of buildings; initial <br> equipment; additional equipment; and replacement of equipment. |
| $\mathbf{6 0 0}$ Other Object | Amounts paid for goods and services not otherwise classified above. This includes <br> expenditures for the retirement of debt, the payment of interest on debt, payments <br> to a housing authority, and the payment of dues and fees. |
| 700 Transfers | This object category does not represent a purchase; rather it is used as an <br> accounting entity to show that funds have been handled without having goods and <br> services rendered in return. |
|  | Amounts set aside for operating contingencies for expenditures which cannot be <br> foreseen and planned in the budget because of the occurrence of some unusual or <br> extraordinary event, or reserved for next year. |

## RESOURCES - CHART OF ACCOUNT DEFINITIONS

Excerpts from the Program Budgeting and Accounting Manual for School District and Education Service Districts in Oregon, 2017, as published by the Oregon Department of Education (School Finance Department, Office of Finance and Administration Services).

## 1000 Revenue From Local Sources

1110 Ad Valorem Taxes Levied by District. Taxes levied by a district on the assessed valuation of real and personal property located within the district which, within legal limits, is the final authority in determining the amount to be raised for school purposes.

1120 Local Option Ad Valorem Taxes Levied by District. Local option taxes levied by a district on the "Tax Gap" valuation of real and personal property located within the district which, within legal limits, is the final authority in determining the amount to be raised for school purposes.

1130 Construction Excise Tax. Amounts collected as a result of Senate Bill 1036 from the 2007 legislative session which allows for a construction excise tax.

1312 Tuition From Other Districts Within the State. Money received for regular day schools tuition from other districts within the state. Earnings on Investments. Money received as profit from holdings for savings.

1600 Food Service. Revenue for dispensing food to students and adults.
1700 Extracurricular Activities. Revenue from School-sponsored activities.
1800 Community Services Activities. Revenue from community services activities operated by a district.
1910 Rentals. Revenue from the rental or either real or personal property owned by the school.
1920 Contributions and Donations From Private Sources. Money received from a philanthropic foundation, private individuals, or private organizations for which no repayment or special service to the contributor is expected.

Services Provided Other Funds. Services provided other funds, such as printing or data processing. Generally, this account is only used in Internal Service Funds.

1990 Miscellaneous. Revenue from local sources not proved for elsewhere. Record Medicaid Administrative Claiming (MAC) reimbursements, E-rate and SB1149 Energy revenues received here. Revenue From Intermediate Sources

2101 County School Funds. Revenue from the apportionment of the resources of the County School Fund, except Federal Forest Fees, which is recorded in account 4801. ORS 328.005 to 328.035.

General Education Service District Funds. Revenue received by the district that is not referred to in other specific intermediate or other sources from an intermediate agency.

Restricted Revenue. Revenue received as grants by the district which must be used for a categorical or specific purpose.

State School Fund - School Lunch Match. That portion of the grant from the State School Fund which is earmarked by the district for the required matching of Section 4 federal school lunch grant received by the district.

Common School Fund. ORS 327.403.
Other Unrestricted Grants-in-aid.
Other Restricted Grants-in-aid. Use 3299 for restricted grants in aid from the state, e.g. School Improvement Fund Grant, Facility Grant and Lottery Bond dollars.

## Revenue From Federal Sources

Unrestricted Revenue From the Federal Government Through the State. Revenues from the federal government through the state as grants which can be used for any legal purpose desired by the district without restriction. Code Medicaid expenses for contracted services eligible by law for reimbursement here.

Restricted Revenue From the Federal Government Through the State. Revenues from the federal government through the state as grants to the district which must be used for a categorical or specific purpose.

Federal Forest Fees. ORS 294.060.
Other Revenue in Lieu of Taxes.
Revenue for/on Behalf of the District. Payments made by the federal government for the benefit of the district, or contributions of equipment or supplies.

## Other Sources

 Interfund Transfers. Revenue earned or received from another fund which will not be repaid. Resources - Beginning Fund Balance.
## REQUIREMENTS - FUNCTIONS - CHART OF ACCOUNT DEFINITIONS

## 1000 Instruction

1111 Elementary, K-5 or K-6. Learning experiences concerned with knowledge, skills, appreciation, attitudes, and behavioral characteristics considered to be needed by all students in terms of their awareness of life within our culture and the world of work and which normally may be achieved during the elementary school years.

1121 Middle/Junior High Programs. Learning experiences concerned with knowledge, skills, appreciation, attitudes, and behavioral characteristics considered to be needed by all students in terms of understanding themselves and their relationships with society and various career clusters, and which normally may be achieved during the middle and/or junior high school years. Area of responsibility codes are required with this function.

1122 Middle/Junior High School Extracurricular. School-sponsored activities, under the guidance and supervision of district staff, designed to provide students such experiences as motivation, enjoyment, and improvement of skills. Extracurricular activities normally supplement the regular instructional program and include such activities as athletics, band, chorus, choir, speech and debate. Also included are student financed and managed activities.

1140 Pre-Kindergarten Programs. Educational programs that are designed for the education and training of
children, who are enrolled in prekindergarten programs.
High School Programs. Learning experiences concerned with knowledge, skills, appreciation, attitudes, and behavioral characteristics considered to be needed by all students as they achieve graduation requirements. Area of responsibility codes are required with this function.

High School Extracurricular. School-sponsored activities, under the guidance and supervision of district staff, designed to provide students such experiences as motivation, enjoyment, and improvement of skills. Extracurricular activities normally supplement the regular instructional program and include such activities as athletics, band, chorus, choir speech and debate. Also included are student-financed and managed activities.

Programs for the Talented and Gifted. Special learning experiences for students identified as gifted or talented.

Restricted Programs for Students with Disabilities. Special learning experiences for students with disabilities who spend $1 / 2$ or more of their time in a restricted setting. These learning experiences include but are not limited to such areas as Structured and Intensive Learning Centers, Developmental Kindergarten, Community Transition Centers, Life Skills with Nursing, Out of District programs, Home Instruction, Extended School Year programs, Diagnostic Classrooms and Functional Living Skills.

Less Restrictive Programs for Students with Disabilities. Special learning experiences for students with disabilities outside the regular classroom. These learning experiences include but are not limited to such areas as Resource Rooms where students with disabilities go during certain periods of the school day to receive remedial instruction in specific subject areas or other remedial activities. All special education expenditures, including 1250, need to be reported to the state at the district level rather than the school level.

Remediation. Instructional activities designed to improve achievement of regular education students who are not meeting state performance standards. Activities take place outside regular class time; e.g., after school, Saturday School and Summer School. 1271 includes programs outside the regular classroom (i.e., pull-out programs) in addition to those outside the regular school day. Also, use function 1271 for Summer School remedial classes specifically designed to improve student performance to meet state standards. Also use for instructional expenses related to historically underserved students. Area of responsibility codes are required with this function.

Title IA/D. Record Title IA/D instructional activities here.
Alternative Education. Learning experiences for students who are at risk of dropping out of school; who are not succeeding in a regular classroom setting; or who may be more successful in a non-traditional setting. Includes instructional programs operated to meet the needs of at risk youth and students who have dropped out of school. Also includes enrichment programs for talented and gifted students provided in an alternative setting, such as university coursework. Online curriculums would be coded here.

English Language Learner (ELL). As per ORS 336.079, instructional activities for ELL students used in acquisition of the English language. Pro-rate duties as applicable.

Other Programs. Do not use 1299 for children with IEPs.
Summer School Programs. Instructional activities as defined under 1100 Regular Programs carried on during the period between the end of the regular school term and the beginning of the next regular school term; this does not include the summer term of a 12-month school year. Use function 1271 for Summer School remedial classes designed to improve student performance to meet state standards. Do
not use this number for Extended School Year (ESY) programs. Alternative programs that run through the summer are alternative programs, not summer school.

2110 Attendance and Social Work Services. Activities which are designed to improve student attendance at school and which attempt to prevent or solve students' problems involving the home, the school and/or the community. Use for administrative services for Home Schooling as well as Drug and Alcohol Programs.

2120 Guidance Services. Those activities of counseling students and parents; providing consultation with other staff members on learning problems; assisting students in personal and social development; assessing the abilities of students; assisting students as they make their own educational and career plans and choices; providing referral assistance; and working with other staff members in planning and conducting guidance programs for students.

2130 Health Services. Physical and mental health services which are not direct instruction. Included are activities that provide students with appropriate medical, dental and nursing services.

Psychological Services. Activities concerned with administering psychological tests and interpreting the results, gathering and interpreting information about student behavior, working with other staff members in planning school programs to meet the special needs of students as indicated by psychological tests, and behavioral evaluation and planning and managing a program of psychological services, including psychological counseling for students, staff and parents as well as student evaluations.

2150 Speech Pathology and Audiology Services. Activities which have as their purpose the identification, assessment, and treatment of students with impairments in speech, hearing, and language.

2160 Other Student Treatment Services. Activities associated with providing services such as occupational therapy, physical therapy, adaptive physical education, etc.

Service Direction, Student Support Services. Activities concerned with direction and management of student support services; e.g., special education, ELL and at risk programs. Expenditures for the special education director for the district should be recorded here.

Improvement of Instruction Services. Activities designed primarily for assisting instructional staff in planning, developing, and evaluating the process of providing learning experiences for students.

2220 Educational Media Services. Activities concerned with the use of all teaching and learning resources, including hardware, software, print and non-print content materials, on-line and other distance learning resources. Educational media are defined as any device, content material, method, or experience used for teaching and learning purposes.

Assessment and Testing. Activities to measure individual student achievement. Information obtained is generally used to monitor individual and group progress in reaching district and state learning goals and requirements.

Instructional Staff Development. Activities specifically designed for instructional staff (including instructional assistants) to assist in preparing and utilizing special/new curriculum materials, understanding and utilizing best teaching practices, and any other activity designed to improve teacher performance. All staff development costs for non-instructional staff should be charged to their function. Use this function for staff development that is instructionally related. Use this function for external training attended by instructional staff.

Board of Education Services. Activities of the legally elected or appointed body vested with responsibilities for educational planning and policy making. Use this function to record legal services.

Executive Administration Services. Activities associated with the overall general administrative or executive responsibility for the entire district.

Office of the Principal Services. Activities concerned with directing and managing the operation of a particular school or schools. Included are the activities performed by the principal, assistant principals, and other assistants in general supervision of all operations of the school; evaluation of the staff members of the school; assignment of duties to staff members; supervision and maintenance of the school records and coordination of school instructional activities with instructional activities of the district. Expenditures for activities related to the coordination of student activities shall also be classified under this account. Clerical staffs for these activities are included.

Other Support Services - School Administration. Other school administration services which cannot be recorded under the preceding functions.

Direction of Business Support Services. Activities concerned with directing and managing the business support services as a group.

Fiscal Services. Activities concerned with the fiscal operations of the district. This program area includes budgeting, receiving and disbursing, financial accounting, payroll, inventory control, and internal auditing. Operation and Maintenance of Plant Services. Activities concerned with keeping the physical plant open, comfortable, and safe for use, and keeping the grounds, buildings, and equipment in an effective working condition and state of repair. Activities which maintain safety in buildings, equipment and grounds are included.

Student Transportation Services. Activities concerned with the transportation of students between home and school, as provided by state law, including trips to school activities. Area Code 320 must be used with 2550 functions to designate Special Education costs. Charge insurance costs related to transportation to this function, including property and liability.

Internal Services. Activities concerned with buying, storing, and distributing supplies, furniture, and equipment; and those activities concerned with duplicating and printing for the district.

Planning, Research, Development, Evaluation Services, Grant Writing and Statistical Services. Activities, on a system wide basis, associated with conducting and managing programs of planning, research, development, evaluation and grant writing for a district.

Information Services. Activities concerned with writing, editing and other preparation necessary to disseminate educational and administrative information to pupils, staff, managers, or to the general public through direct mailing, the various news media, or personal contract.

Staff Services. Activities concerned with maintaining an efficient staff for the district including such activities as recruiting and placement, staff transfers, health services, and staff accounting. Record costs of finger printing employees under this function.

Technology Services. Activities concerned with all aspects of Technology which includes Computing and Data Processing Services such as networking and telecommunications costs like telephones. Use for major administrative technology expenditures as well as repair of administrative technology, central networking.

Interpretation and Trans/ation Services. Use for language and interpretation services not related to the acquisition of the English language.

Supplemental Retirement Program. Costs associated with a supplemental retirement program provided to both current and prior employees by the district.

Food Services. Activities concerned with providing food to students and staff in a school or district. This service area includes the preparation and serving of regular and incidental meals, lunches, or snacks in connection with school activities, and the delivery of food.

Community Services. Activities which are not directly related to the provision of education for pupils in a district. These include services such as community recreation programs, civic activities, public libraries, programs of custody and care of children, and community welfare activities provided by the district for the community as a whole or in part. Additionally, this function is used to record college scholarship payments. Also use for non-instructional expenses related to historically underserved students.

## 4000 Facilities Acquisition and Construction

4120 Site Acquisition and Development Services. Activities pertaining to the initial acquisition of sites and improvements thereon.

4150 Building Acquisition, Construction, and Improvement Services. Activities concerned with building acquisition through purchase or construction and building improvements. Initial installation or extension of service systems, other built-in equipment and building additions are included.

## 5000 Other Uses

5200 Transfers of Funds. These are transactions which withdraw money from one fund and place it in another without recourse. Unless state law prohibits, revenues should be allocated between funds when received and recorded in the funds to which they belong, rather than placing them in the General Fund and later transferring them. (These are not counted in local district totals of expenditures.) Interfund loans are not recorded here, but are handled through the balance sheet accounts.

6000 Contingencies (for budget only)
Expenditures which cannot be foreseen and planned in the budget process because of an occurrence of an unusual or extraordinary event. Use with Object 810 only.

7000 Unappropriated Ending Fund Balance
An estimate of funds needed to maintain operations of the school district from July 1 of the ensuing fiscal year and the time when sufficient new revenues become available to meet cash flow needs of the fund. No expenditure shall be made from the unappropriated ending fund balance in the year in which it is budgeted. Use with Object 820 only.

## REQUIREMENTS - OBJECTS - CHART OF ACCOUNT DEFINITIONS

## 100 Salaries

111 Licensed Salaries. Costs for work performed by regular licensed employees of the district. Included licensed coordinators and licensed employees in bargaining unit under this object.

112 Classified Salaries. Costs for work performed by regular classified employees of the district. Confidential staff may be coded to this object or 114 below.

113 Administrators. Costs for work performed by regular administrative employees who manage, direct, or administer programs of the district. Administrators need not be licensed to be charged to 113.

114 Managerial - Classified. Costs for work performed by employees who supervise or manage programs of the district. Supervisors of non-licensed staff, e.g. food services, transportation are recorded under this object. Supervisors are usually not regular classified employees.

Contractual Employee Benefits. Amounts paid by the district which are a result of a negotiated agreement between the Board of Directors and the employee groups. Examples of expenditures would be health insurance, long-term disability and tuition reimbursement.

Instructional, Professional and Technical Services. Services which by their nature can be performed only by persons with specialized skills and knowledge.
Supplemental Retirement Stipends. Costs for retired employees of the district who receive supplementary retirement payments from the district.

Substitutes - Licensed. Costs for work performed by substitute licensed employees of the district. Substitute - Classified. Costs for the work performed by substitute classified employees of the district.

Additional Salary. Money paid to employees of the district in positions of either a temporary or permanent nature for work performed in addition to normal work period for which the employee is compensated under Regular Salaries and Temporary Salaries above. The terms of such payment for overtime is a matter of state and local regulation or negotiated agreement. Includes additional pay for classified employee overtime and for activities such as coaching, supervision of extracurricular activities, extended contracts, etc.

## Associated Payroll Costs

Public Employee Retirement System. District payments to the Public Employee Retirement System.
Social Security Administration. Employer's contribution to the Social Security/Medicare (FICA) for employee retirement.

Other Required Payroll Costs. Amounts paid by the district to provide worker's compensation and unemployment compensation for its employees.

Property Services. Services purchased to operate, repair, maintain, insure, and rent property owned and/or used by the district. These services are performed by persons other than district employees.

Student Transportation Services. Expenditures to persons (not on the district payroll) or agencies for the purpose of transporting children.

Travel. Costs for transportation for all district personnel (including students), conference registration, meals, hotel, and other expenses associated with traveling on business for the district. Payments for per diem in lieu of meals and lodging and for car allowance also are charged here.

Communication. Services provided by persons or businesses to assist in transmitting and receiving data or information. This category includes telephone and international data communications, postage machine rental and postage, fax and advertising.

Charter School Payments. Expenditures to reimburse Charter Schools for services rendered to students.
Tuition Payments to Other Districts Within the State. Conduit-type payments to district, generally for tuition in the state for services rendered to students residing in the paying district. Where a governmental unit collects money from a nonoperating district for the education of students from the nonoperating district and pays it to an operating district, the nonoperating district records such payments here.

Non-instructional Professional and Technical Services. Services which by their nature can be performed only be persons with specialized skills and knowledge. Included are the services of architects, engineers, auditors, dentists, medical doctors, lawyers, consultants, accountant, etc.

410 Consumable Supplies and Materials. Expenditures for ALL supplies for the operation of a district, including freight and cartage. If such supplies are handled for resale to student, only the net cost of supplies is recorded here.

420 Textbooks. Expenditures for prescribed books which are purchased for students or groups of students, and resold or furnished free to them. This category includes the costs of workbooks, textbook binding or repairs, as well as the net amount of textbooks which are purchased to be resold or rented. E-textbooks are considered curriculum and would be coded here.

430 Library Books. Expenditures for regular or incidental purchases of library books available for general use by students, including any reference books, even though such reference books may be used solely in the classroom. E-textbooks are considered curriculum and would be coded here.

470 Computer Software. Expenditures for published computer software. Include licensure, and usage fees for software here.

480 Computer Hardware. Expenditures for non-capital computer hardware, generally of value not meeting the capital expenditure criterion. An iPad or e-reader needed to access e-textbooks is considered hardware and would be coded here.
Capital Outlay
510 Land Acquisition. Expenditures for the purchase of land.

Buildings Acquisition. Expenditures for acquiring buildings and additions, either existing or to be constructed, except for bus garages. Included are expenditures for installment or lease payment (except interest) which have a terminal date and result in the acquisition of buildings, except payments to public school - housing authorities or similar agencies. Expenditures for major permanent structural alterations and the initial or additional installation of heating and ventilating systems, electrical systems, plumbing systems, fire protection systems, and other service systems in existing buildings are included also.

530 Improvements Other Than Buildings. Expenditures for the initial and additional improvements of sites and adjacent ways after acquisition by the district. Improvement consists of such work as grading, landscaping, seeding, and planting of shrubs and trees; constructing new sidewalks, roadways, retaining walls, sewer and storm drains; installing hydrants; initial surfacing and soil treatment of athletic fields and tennis courts; furnishing and installing for the first time, fixed playground apparatus, flagpoles, gateways, fences, and underground storage tanks which are not parts of building service systems; and demolition work. Special assessments against the district for capital improvements such as streets, curbs, and drains are also recorded here.

Depreciable Equipment. Expenditures for the initial, additional, and replacement items of equipment, except for buses and capital bus improvements.

550 Depreciable Technology. Expenditures for computer hardware, related equipment, and other capital outlay for technology.

600 Other Objects
610 Redemption of Principal. Expenditures which are from current funds to retire bonds, and principal portions of contractual payments for capital acquisitions.

621 Regular Interest. Expenditures for all interest, excluding bus garage, bus and capital bus improvement interest.

640 Dues and Fees. Expenditures or assessments for membership in professional or other organizations or associations or payments to a paying agent for services rendered.

Insurance and Judgments. Insurance to protect school board members and their employees against loss due to accident or neglect.

670 Taxes, Licenses and Assessments. This includes taxes, licenses and assessments paid to a government body and penalties assessed for lack of health benefits for eligible employees (Affordable Care Act).

690 Grant Indirect Charges. Charges made to a grant to recover charges made to administration.
700 Transfers
710 Fund Modifications. This category represents transactions of conveying money from one fund to another. Generally, this takes the form of payments from the General Fund to some other fund and should be so recorded. They are not recorded as expenditures.

## 800 Other Uses of Funds

810 Planned Reserve. Amounts set aside for operating contingencies for expenditures which cannot be foreseen and planned in the budget because of the occurrence of some unusual or extraordinary event. Reserved for Next Year. (Used only with 7000 function.)

McMinnville School District No. 40

McMinnville School District No. 40

## Asset Reserve Fund (201)

The Asset Reserve Fund is used to maintain the District's capital assets. This includes not only larger, unplanned expenditures such as repair of a wind-damaged roof or failure of a building's HVAC system, but also the planned periodic repair and replacement necessary for prudent longterm asset management. In addition, this fund provides for architectural, engineering and other professional services related to larger repair projects. These projects could include siding or window replacement, boiler or chiller replacement, plumbing retrofit, fire alarm upgrades, the rebuilding of a cooling tower, or asphalt replacement. Additionally, funds are set aside for the purpose of purchasing property when it is determined that it would be ideal for future expansion needs for our schools.

The primary source of revenues is an annual budgeted transfer from the general fund. Other revenues include income interest income, rental income from district property held for future use and proceeds from the sale of capital assets.

## Construction Excise Tax Fund (202)

This is a special revenue fund for the collection of construction excise tax assessed on residential and commercial building permits. The District enacted a resolution in 2008 imposing this tax pursuant to state law (ORS 320.170-189) that allows school districts to impose a construction excise tax to fund capital improvements to school facilities. Through intergovernmental agreements with Yamhill County and the cities of McMinnville and Lafayette, these taxes are collected through the building permit application process. A small administration fee is paid to the county and cities for handling and collecting these funds.

The District currently collects $\$ 1.35$ per square feet for residential structures and $\$ 0.67$ per square feet for nonresidential use. The tax is increased each year based on an index issued by the Oregon Department of Revenue.

These funds were first used for athletic field improvements to Baker Field to include a new turf athletic field, lighting, restrooms and softball batting cage. In addition, this fund contributed to a new restroom and other improvements at the varsity baseball field.

## Textbook and Technology Reserve (203)

This reserve fund is funded by transfers from the General Fund. These funds will be used to stabilize resources over time for annual textbook adoptions and needed technology improvements and replacements. $\$ 250,000$ is currently budgeted to be transferred annually.

This fund will serve as a rainy day fund to support large textbook and technology replacement purchases when general fund revenues are not sufficient to support these purchases

## Insurance Reserve Fund (205)

This fund is committed as a reserve for uninsured losses, safety expenditures and payment of insurance deductibles. This fund was initially established from transfers from the general fund. Currently, revenues include interest income, workers' compensation insurance dividends and insurance claim receipts.

Appropriations are made to cover insurance deductibles in case of property damage due to unforeseen events such as theft, vandalism, floods etc. The District reimburses SAIF the first $\$ 2,200$ of non-disabling workers compensation medical services costs in order to reduce our workers compensation insurance rates. Additionally, the Board has committed this fund as a reserve for maintaining certain security personnel and security related expenditures.

## Student Body Fund (208)

This fund accounts for the associated student bond funds at our secondary schools. The major source of income is from fundraising by student organizations. These funds are used for a variety of student activities and special projects. The Student Body Funds are audited each year and a separate report is issued for their annual activity. For ease in reporting, we consolidate all expenditures under one object code, supplies.

## GRANTS FUND (210)

These are designated-purpose funds for programs of a special nature. Their uses and limitations are specified by the grantor entity. Generally the resources of this fund cannot be diverted to other uses. Budgeted amounts are based on anticipated funding; however, actual expenditures are dependent on receipt of grants from the various sources. The major anticipated grants are included in the proposed budget. In addition, sufficient appropriations are made each year for new grant revenues that are unknown at the time of developing the budget. The following are descriptions of some of our more significant grant programs:

Federal Grants - Entitlement grants are provided to school districts based on a formula, prescribed in legislation such as population, enrollment or per capita income. Competitive grants are awarded based on project and peer review of the District's grant application.

Title IA Improving Basic Programs - ensures that all children have significant opportunity to receive a fair, equitable, and high-quality education, and strives to close educational achievement gaps. For the 2021-22 school year, all district elementary schools except Memorial qualify for Title I funding, which is based on the percentage of economically disadvantaged students in the general enrollment. These funds pay for staffing to provide remediation in the areas of math and reading.

- Title IC Migrant Education - provides funding to ensure that migrant children fully benefit from the same free public education provided to other children.
- Title IIA Supporting Effective Instruction - funds professional development, strong teacher leadership, transformative school leadership, induction/mentorship and meaningful evaluation and support.
- Title III Language Instruction for Limited English Proficient and Immigrant Students provides funds to improve the education of English learners and immigrant children.

IDEA (Individuals with Disabilities Education Act) - funds the excess costs associated with providing special education and related services to children with disabilities.
$21{ }^{\text {st }}$ Century Community Learning Centers "STEAM AHEAD" - This is a $\$ 2.5$ million five year competitive grant (2018-2023). Funding was approved in the amount of \$479,396 annually for the first three years and then $75 \%$ in years 4 and 5 . This grant serves $1^{\text {st }}$ through $12^{\text {th }}$ grade students with extended learning (afterschool, Saturday Academy, and summer school) programs.

- McKinney-Vento Homeless grant - This is a three year (2019-2022) competitive grant, $\$ 37,185$ per year, to support students who are homeless or at risk of being homeless.
- Elementary and Secondary School Emergency Relief funds (ESSER Funds) have been granted to the District to aid in funding additional expenses related to the effects of the COVID-19 pandemic. These include, but are not limited to, addressing health and safety, facility needs, technology needs, addressing learning loss and the social and emotional well-being of students. The first grant (ESSER I) was awarded in June 2020 in the amount of $\$ 1.1$ million. ESSER II has been awarded in the amount of $\$ 4.19$ million with a term date of September 30, 2023. ESSER III has been estimated at $\$ 9.4$ million with a term date of September 30, 2024. The District is proposing to allocate these funds over the next two school budget years (2021-22, 2022-23).

State Grants -Some grants are allocated to all Districts based on enrollment, others are competitive grants.

- Measure 98 - High School Success. A 2016 ballot initiative approved by Oregon voters lead to the High School Graduation and College and Career Readiness Act which requires the legislature to distribute at least $\$ 800$ per high school student each year for:
- Career and technical education programs
- College-level educational opportunities
- Dropout-prevention strategies

In the 2017-19 biennium the state partially funded this initiative by dispersing $\$ 170$ million to the High School Success program. The Student Success Act of 2019 allocated an additional $\$ 133$ million to fully fund this initiative at the level of $\$ 800$ per student.

- Student Investment Account (SIA). The 2019 Oregon Legislature passed the Student Success Act that when fully implemented is expected to invest $\$ 1$ billion state-wide in Oregon education every year. The McMinnville School District was initially allocated \$5.5 million for the 2020-21 school year prior to the pandemic. The District went through an extensive process involving the community and staff in developing a plan that was adopted in Spring 2020. This budget invests $\$ 4.3$ million towards most of the investments identified in the original plan.
- ODE Summer Learning Grants (Summer 2021). In response to the disruptive impact the pandemic has had on children, Oregon is funding a robust summer learning program this year. The purpose of the funding is specific to Summer Enrichment/Academic Programming for K-8 students and Summer Academic Support for grades 9-12 students. The grant will cover $75 \%$ of the cost of summer programming with the remainder to be funded from other sources by the District. For McMinnville, we have been allocated up to $\$ 1,043,817$ for K-8 programming and up to $\$ 849,102$ for 9-12 programming.

## Nutrition Services (298)

The Nutrition Services Fund supports activities associated with the National School Lunch Program and School Breakfast Program. In addition to breakfast and lunch provided as part of the regular school year program and dinner provided for students participating in the afterschool program, the district participates in a Summer Feeding Program. "Breakfast after the Bell" or Breakfast in the Classroom, is provided in five elementary schools-Buel, Columbus, Grandhaven, Newby and Wascher. Revenues include federal school lunch reimbursement, state school funding, lunch sales and, in recent years, grants to promote fruits and vegetables to elementary students.

The Nutrition Services Department provides nutritious and affordable meals and promotes nutrition education. Nutrition Services follows the legislated rules governing what can be served to students-how many calories, fat grams, sugar grams, serving size, etc. The department purchases produce through local farmers and vendors whenever feasible. Our produce distributor is Duck Produce, a Food Alliance Certified distributor that distinguishes foods produced with respect for people, animals, and the environment. The department purchases local foods whenever possible, with respect to quality and cost. Buying local is one way the District can support local farms and the local economy.

The District serves a different local fruit or vegetable every month of the school year, using resources available from the Oregon Department of Education's Oregon Harvest for Schools Program. The Nutrition Services Department recognizes that the cafeteria can be an extension of the classroom, where students learn the healthy habits necessary for academic readiness and success.

## Community Eligibility Provision

Beginning in the 2014-15 school year, all schools began operating under the Community Eligibility Provision. The federally funded Community Eligibility Provision (CEP) allowed 100\% of McMinnville School District students to access free breakfast and lunch. The Community Eligibility Provision gives eligible local educational agencies and schools with high percentages of low-income children the option to offer free school meals to all children in those schools without collecting applications. Under this provision, the District provided meals to all students and was reimbursed by the federal government through a formula using the percentage of identified students (ie. students certified for free school meals without an application due to their enrollment in designated assistance programs multiplied by a factor of 1.6). From 201415 to 2017-18 the Nutrition Services Department increased the total number of lunches provided to students by 45\%. Once eligible for CEP, the District can maintain that status for four years.

In the 2018-19 school year, only elementary schools were offered 100\% free meals due to an improved local economy and a reduction in the percentage of students who were eligible for designated assistance programs.

In the 2019-20 school year, every elementary school except Memorial Elementary was eligible for CEP (100\% free meals). Memorial Elementary and Middle and High School families could also be eligible for free meals if they qualified with the submission of a free lunch application based on their household income.

During the school closure that began March $16^{\text {th }}$, the Nutrition Services Department continued to serve meals to students every weekday. With the use of school bus transportation, meals were also delivered to selected bus stops throughout the District.

To support a successful school reopening the United States Department of Agriculture (USDA) announced a nationwide waiver to the Seamless Summer Option program to run through School Year 2021-22. This will enable every McMinnville School District student to receive free breakfast and lunch for the entire 2021-22 school year, regardless of grade level or building attending. As stated by USDA, "It is essential that students receive high-quality, nutritious meals that help them succeed in the classroom."

## PERS Bond Debt Service Fund (300)

This fund is used to account for payments of principal and interest on bonds sold in 2002 and 2004 to finance part of the district's unfunded actuarial liability (UAL) in the Public Employees Retirement System (PERS). These bonds are limited tax pension obligation bonds. The debt service payments are funded through payroll charges across all funds. The debt service is charged as a percent of payroll and this amount is then recorded as revenue in the PERS Bond Debt Service Fund. By paying down the District's UAL to PERS, we have saved money by having reduced employer retirement contribution rates. Since 2004, this has saved the district over $\$ 14$ million. The table below represents the total pension bond indebtedness as of June 30, 2021 and debt service payments for the 2021-22 fiscal year.

|  | Interest |  | Debt |  |  | Principal |
| :--- | :---: | :--- | :--- | ---: | ---: | ---: |
| Issue Date | Issue Amount | Rates | Outstanding | Interest | Total Due |  |
| $10 / 31 / 2002$ | $\$ 16,044,243$ | $4.82-5.55 \%$ | $\$ 10,870,000$ | $\$ 1,215,000$ | $\$ 601,612$ | $\$ 1,816,612$ |
| $02 / 19 / 2004$ | $13,715,000$ | $4.40-5.53 \%$ | $8,815,000$ | 985,000 | 486,752 | $1,471,752$ |
|  |  | Total | $\mathbf{\$ 1 9 , 6 8 5 , 0 0 0}$ | $\mathbf{\$ 2 , 2 0 0 , 0 0 0}$ | $\mathbf{\$ 1 , 0 8 8 , 3 6 4}$ | $\mathbf{\$ 3 , 2 8 8 , 3 6 4}$ |

## Future Debt Service Requirements

| Fiscal Year | Principal | Interest | Total |
| :--- | ---: | ---: | ---: |
| 2021-22 | $2,200,000$ | $1,088,364$ | $3,288,364$ |
| $2022-23$ | $2,480,000$ | 967,872 | $3,447,872$ |
| $2023-24$ | $2,780,000$ | 831,300 | $3,611,300$ |
| $2024-25$ | $3,115,000$ | 677,283 | $3,792,283$ |
| $2025-26$ | $3,470,000$ | 504,707 | $3,974,707$ |
| $2026-27$ | $3,850,000$ | 312,465 | $4,162,465$ |
| 2027-28 | $1,790,000$ | 99,169 | $1,889,169$ |
| Total | $\mathbf{\$ 1 9 , 6 8 5 , 0 0 0}$ | $\mathbf{\$ 4 , 4 8 1 , 1 6 0}$ | $\mathbf{\$ 2 4 , 1 6 6 , 1 6 0}$ |

Estimated Savings from issuing PERS Bonds:

| Biennium | Average Payroll Rate without Bond | Average Payroll Rate with Bond | Rate Relief | Savings |
| :---: | :---: | :---: | :---: | :---: |
| 2004-2005 | 11.11\% | 8.75\% | 2.36\% | \$ 517,846 |
| 2005-2007 | 15.54\% | 11.35\% | 4.19\% | 2,182,212 |
| 2007-2009 | 18.35\% | 11.96\% | 6.39\% | 3,783,664 |
| 2009-2011 | 14.50\% | 12.00\% | 2.50\% | 1,465,098 |
| 2011-2013 | 18.95\% | 16.59\% | 2.36\% | 1,431,728 |
| 2013-2015 | 22.29\% | 21.28\% | 1.01\% | 649,887 |
| 2015-2017 | 20.55\% | 18.50\% | 2.05\% | 1,446,056 |

## Debt Service Fund (310)

This fund is used to account for debt service payments on general obligation bonds, funded by voter approved taxes imposed on local property. Budgeted expenditures include principal and interest to be paid during the fiscal year. Sources of revenue include the debt service tax levy on local property taxes, interest earnings and any remaining fund balance from the prior year.

As of June 30, 2021, outstanding general obligation bonds will total $\$ 114,425,000$. GO bonds represent $21.31 \%$ of the district's legal debt limit of $\$ 536.9$ million.

A bond levy of $\$ 10,300,000$ is recommended to fund the required 2021-22 debt service payments.

The following table shows the bonded indebtedness of the District as of June 30, 2021 and annual payments to be made in 2021-22 for the bonds outstanding. In 2020-21, the Board authorized the refunding of the 2013 bonds in addition to the sale of the remaining $\$ 1$ million of GO bonds authorized by voters in 2016. This issuance closed on June 15, 2021 and is reflected in the following schedules:

| Issue Date Purpose | Issue Amount | Interest <br> Rates | Debt <br> Outstanding | Principal | Interest | Total Due |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |

The bond levy rate is stated in dollars per $\$ 1,000$ of assessed value.

## Capital Projects Fund (400)

McMinnville School District's $\$ 89,400,000$ capital bond measure was approved by $62 \%$ of voters on May 17, 2016. See the next page for the notice of bond election which explains the District's plans for the use of bond proceeds and the expenditure budget pages for a list of current projects.

Due to the favorable market for municipal bonds in the summer of 2016, the District sold bonds at a premium which provided an additional $\$ 13.4$ million in bond proceeds. This allowed the District to reduce the amount of bonds sold by $\$ 1$ million and shorten the bond term by one year. This resulted in a savings of $\$ 12$ million in the total debt service payments from the original estimate.

In addition to bond proceeds, the District was awarded $\$ 7.1$ million from the Oregon School Capital Improvements Matching Program (OSCIM) and in April 2017 three schools were approved to receive state seismic rehabilitation grants totaling over $\$ 2$ million. These resources in addition to interest income on the bond proceeds make up the total resources for the capital projects appropriated in Fund 400 - Capital Projects Fund.

In June 2021, the District will be selling the remaining \$1 million of bonds authorized in 2016. This bond sale will be combined with a refinancing of a prior bond issuance so that there will be no additional cost to taxpayers. During the bond campaign, the District estimated that the bond levy rate would remain at $\$ 2.80$ per $\$ 1,000$ assessed value. Actual bond levy rates since the sale of these bonds have actually averaged $\$ 2.60$ per $\$ 1,000$ of assessed values.

In addition to selling the remaining \$1 million in bonds, the District has applied for a seismic grant for $\$ 2.5$ million. The combination of these new funds with the remaining balance of unspent bond proceeds will allow for seismic upgrades at Patton Middle School.

# NOTICE OF BOND ELECTION 

## MCMINNVILLE SCHOOL DISTRICT NO. 40 <br> YAMHILL COUNTY, OREGON

NOTICE IS HEREBY GIVEN January 27, 2016 that a measure election will be held in McMinnville School District No. 40 located in Yamhill County, Oregon on May 17, 2016. The following shall be the ballot title of the measure to be submitted to the district's voters:

## CAPTION:

Bonds for Energy Upgrades, Safety, Repairs, Renovations, and Vocational Education

## QUESTION:

Shall McMinnville School District make safety upgrades, repair, renovate, and improve schools by issuing $\$ 89,400,000$ in general obligation bonds? If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and 11b, Article XI of the Oregon Constitution.

## SUMMARY:

This measure would finance energy and safety upgrades and renovate, repair, and improve district facilities. Due to retiring previous bonds, the overall bond tax rate is not expected to increase over the McMinnville School District's 2014-15 rate of $\$ 2.80$ per $\$ 1,000$ of assessed value. Specifically, this measure is expected to:

- Provide energy upgrades district-wide to increase building efficiency, including replacement and upgrade of windows, lighting, deteriorating roofs, outdated heating, ventilation, mechanical, and plumbing systems, and other building repairs and site improvements.
- Improve safety and security including: security cameras, intercoms, emergency phone systems, door access controls, technology infrastructure, fire sprinkler systems, seismic upgrades, and emergency lighting.
- Construct, furnish, and equip a vocational technical center on the McMinnville High School campus.
- Renovate McMinnville High School to address increased enrollment and outdated facilities to include demolition and construction of classrooms, library, music space, gymnasium, cafeteria addition, furnishings, equipment, and site improvements.
- Replace maintenance shop including possible land/building purchase.
- Pay bond issuance and building costs.

Bonds would mature in not to exceed twenty-three (23) years.

## Scholarship Fund (700)

This fund is a private purpose trust fund to account for scholarship funds donated to the district for specific purposes. These funds currently include the following scholarships:

- Fred Patton Scholarship
- PTC Scholarship
- New Oregon Singers Scholarship
- Bridenstine Scholarship
- Frisbie Scholarship
- Newland-Whitehead Scholarship
- Kenneth Myers Scholarship
- Betty Stephens Scholarship
- Haddeland Scholarship
- Sue Buel Scholarship
- Cullen Six Scholarship

Funds in these accounts are invested and annually scholarships are awarded based on the criteria as set by the donor.

McMinnville School District No. 40

## BUDGET PROCESS

The budget is a financial plan that estimates the cost to operate district schools and programs for the next fiscal year. The district prepares its annual budget in accordance with provisions of Oregon Local Budget Law (ORS 294), which provides standard procedures for the preparation, presentation, administration and appraisal of budgets. The law mandates public involvement in budget preparation and public exposure of proposed programs. The law also requires that the budget be balanced, that is, projected resources must equal projected requirements in each fund.

All budget committee meetings are open to the public. Community members are invited to speak in favor of or opposition to the budget or requested revisions. The budget process is described below.

Budget preparation takes several months and involves both building-based and central staff. Once a proposed budget is developed, the superintendent presents it and the budget message to the budget committee, which then reviews the proposed budget and receives public comment. The budget committee process is to then review the budget as proposed and make needed changes. The budget committee does not approve positions or programs. The committee recommends the level of spending for the year.

A budget committee work session is normally scheduled in March to receive enrollment projections, provide updates on state school funding and to inform the committee on significant events during the current year that will affect the development of the proposed budget. The first Budget Committee meeting to review the proposed budget is generally held in late April. Notice of the first budget meeting is published twice in the local newspaper, five to 30 days before the first meeting date, with notices separated by at least five days.

Once a document is given to the Budget Committee, citizens may access the information on the district's webpage at www.msd.k12.or.us.

## HOW THE BUDGET IS ADOPTED

At the first Budget Committee meeting, the superintendent presents the budget message, which explains the proposed budget and identifies significant changes in district programs or financial condition. At this and subsequent meetings, the Budget Committee receives public comment, receives school and department level presentations, makes revisions, and approves the budget for adoption by the School Board. The Budget Committee can meet as many times as needed to revise and complete the budget.

After the Budget Committee approves a budget, the budget is forwarded to the School Board for further public testimony and review. A summary of the approved budget and notice of budget hearing is published once in the local newspaper, five to 30 days in advance of the hearing. The notice indicates where the complete budget document is available for inspection.

The School Board may make changes to the next school year approved budget before or after it is adopted, but no later than June 30 of current budget year. There are two limitations which
cannot be exceeded without publishing a revised summary of the budget and holding another budget hearing on the revisions. First, taxes needed to balance the budget may not be increased beyond the level approved by the Budget Committee. Second, expenditures in any one fund may not be increased by more than ten percent. After the budget hearing and consideration of public testimony, the Board adopts the budget at their regular board business meeting in June.

## SUPPLEMENTAL BUDGETS

If the school district receives unanticipated revenues or a change in financial planning is required, a supplemental budget may be adopted to authorize a change in the budget within a fiscal year. A supplemental budget cannot be used to authorize a tax levy.

The School Board may adopt a supplemental budget at a regular public meeting if expenditures in the supplemental budget are less than 10 percent of the annual budget of the fund being adjusted. If the expenditures exceed this level, the school board must first publish the supplemental budget and hold a special hearing.

## District Profile

McMinnville School District was formed around 1876, the year that the District levied a tax to build a public school house. Today the District is responsible for the education of approximately 6,800 children in six elementary schools, two middle schools and one high school.

The District is responsible for providing an education to children living within its boundaries. The District is responsible for building, operating, and maintaining school facilities; developing and maintaining approved education programs and courses of study, including academic and vocational programs, bilingual programs and programs for special needs children and providing transportation and nutrition services to students in accordance with District, state and federal requirements.

McMinnville School District \#40 is Yamhill County's largest school district. It serves residents in the City of McMinnville, the City of Lafayette and surrounding unincorporated areas of Yamhill County within its boundaries. The District extends beyond the City of McMinnville's urban growth boundary and encompasses 140 square miles. The District has an estimated population of 42,766.

The District is a financially independent, special-purpose municipal corporation exercising financial accountability for all K-12 public education within its boundaries. Operations are supported primarily by State funds, local property taxes and federal grants. The District is governed by a seven-member Board of Directors, elected to four-year terms by a majority of District voters. Terms are staggered, with elections held in odd-numbered years. The Board has oversight responsibility and control over all activities related to the District.

Under Oregon law, the District is subject to supervision by the State. The Oregon legislature created the State board of Education in 1951 to oversee the state's schools and community
colleges. The board sets educational policies and standards for Oregon's 197 public school districts, 17 community college districts, and 19 educational service districts. The Oregon State Board of Education is comprised of seven members appointed by the Governor and confirmed by the State Senate. The administrative functions of the State Board of Education are handled through the Oregon Department of Education, whose executive head is the Superintendent of Public Instruction. The superintendent is elected by the people of the State to a four-year term.

## Oregon State Public School Funding

Oregon school districts receive revenue from two primary sources: State aid and ad valorem property taxes. One of the largest sources of revenue for school districts and education service districts is State aid appropriated through the Oregon Department of Education ("ODE"). ODE funding supports kindergarten through $12^{\text {th }}$ grade education. The SSF consists primarily of State General Fund and Lottery Fund revenues.

State School Fund (SSF). Under the SSF, State funding is provided to school districts pursuant to a formula set by the Legislative Assembly. The objective of the formula is to provide equal funding for all school districts. Available State and local resources determine the actual amount of the allocation. Under the current formula, each student is given a factor as an enrolled student and subsequently adjusted to include additional factors such as English as a Second Language, Handicapped with an Individualized Education Plan, attending a remote small school, and poverty (the "ADMw"). The formula allocates revenues to districts based on the ADMw for each district.

The SSF grant (the "SSF Grant") to each school district is the district's share of the formula minus local revenues. Local revenues include tax offsets, local property taxes for school operations (specifically excluding taxes for voter approved general obligation bonds and, subject to certain limitations, amounts raised from Local Option Levies), Federal Forest Fees, Common School Fund, county school fund, State timber revenues, ESD Equalization, and money received in lieu of property taxes. Collections from Local Option Levies are not included in the calculation as local revenue if they are less than the lesser of (i) $\$ 2,121.80$ per student, or (ii) 25 percent of a district's total state resources.

Under the SSF distribution formula for the general purpose grant, the total ADMw is multiplied by a statewide target grant (currently $\$ 4,500$ ). A factor of $\$ 25$ per year per student that a district's average teachers' experience exceeds the State average is added to (or subtracted from if below the State average) this calculation. The result is multiplied by a funding ratio to arrive at the State's general purpose grant.

The transportation grant for each school district is between 70 percent and 90 percent of approved transportation costs, depending upon the ranking of the school district. Such ranking is based upon the approved transportation costs per ADMw.

The high cost disability grant ( $\$ 90.0$ million statewide in the 2019-21 biennium) is distributed on a pro-rata basis to all qualifying districts and is equal to the approved costs of providing special education and related services to a resident pupil with disabilities in excess of $\$ 30,000$.

School districts currently receive 95.25 percent of the total SSF distribution and ESDs receive the remaining 4.75 percent. School districts are permitted to withdraw from their ESD and receive 90 percent of their district's prorated share of State funds allocated to the ESD.

State K-12 Education Budget. SSF funding is set biennially when the Legislative Assembly adopts a State budget in regular session ("Legislatively Adopted Budget"). The State budget covers two fiscal years (a biennium) beginning July 1 of an odd-numbered year to June 30 of the next odd-numbered year and sets funding for State agencies including ODE. The Legislative Assembly has the power to subsequently approve revisions to the Legislatively Adopted Budget. Such revised State budget is termed the "Legislatively Approved Budget".

The State Constitution requires the Legislative Assembly to balance the State's General Fund budget. The Department of Administrative Services Office of Economic Analysis (the "OEA") produces a forecast of projected revenues (a "Revenue Forecast") for the biennium generally each March, June (May in years when the Legislative Assembly is in regular session), September and December.

Revenue Forecasts are based upon currently available information and upon a wide variety of assumptions. The actual results will be affected by future national and state economic activity and other events. If OEA's assumptions are not realized or if other events occur or fail to occur, the State's financial projections may not be achieved. Copies of the Revenue Forecasts are available from OEA at: www.oregon.gov/DAS/OEA.

If, over the course of a biennium, the forecasted revenues decline significantly from the May Revenue Forecast (the "Close of Session Forecast"), the Legislative Assembly may meet in special session to rebalance the budget, the Governor may direct that expenditures be reduced or the Legislative Assembly may adjust the budget when it meets in its regular session at the end of the biennium.

## State Reserve Funds

The 2007 Legislative Assembly created two budgetary reserve funds, the Oregon Rainy Day Fund and the Education Stability Fund. With the approval of three-fifths of each house, the Legislative Assembly may appropriate up to two-thirds of the money in the Oregon Rainy Day Fund or Education Stability Fund for use in any biennium if certain economic or revenue triggers occur.

Oregon Rainy Day Fund. The Oregon Rainy Day Fund (ORF) may be drawn on for any General Fund purpose in the event of a downturn in State revenues. The Oregon Rainy Day Fund retains interest earnings in the fund. After the current biennium, the Oregon Rainy Day Fund is to receive biennial deposits from the ending General Fund balance in an amount equal to the lesser of (a) the actual General Fund ending balance for the preceding biennium or (b) one percent of the amount of General Fund appropriations for the preceding biennium. The
amount deposited to the Oregon Rainy Day Fund is capped at 7.5 percent of General Fund revenues for a biennium.

Education Stability Fund. Under the Oregon Constitution, 18 percent of the net proceeds from the State Lottery must be deposited in the Education Stability Fund quarterly. The Education Stability Fund does not retain earnings in the fund. The amount in the Education Stability Fund may not exceed 5\% of the amount that was collected as revenues in the State's General Fund during the prior biennium.

## Property Taxes

Most local governments, school districts, education service districts and community college districts have permanent authority to levy property taxes for operations ("Permanent Rates") up to a maximum rate (the "Operating Tax Rate Limit"). Local governments that have never levied property taxes may request that the voters approve a new Operating Tax Rate Limit (permanent rates). Local governments may not increase their Operating Tax Rate Limits; rather they may only request that voters approve limited term levies for operations or capital expenditures ("Local Option Levies") or levies to repay general obligation bonded indebtedness ("General Obligation Bond Levies").

Local Option Levies that fund operating expenses are limited to five years, and Local Option Levies that are dedicated to capital expenditures are limited to ten years. Local Option Levies for school districts are limited to the lesser of (i) $\$ 1,000$ per student, or (ii) 20 percent of a district's total state resources. Education service districts are not authorized to request Local Option Levies.

Local governments impose property taxes by certifying their levies to the county assessor of the county in which the local government is located. Property taxes ordinarily can only be levied once each Fiscal Year. The local government ordinarily must notify the county assessor of its levies by July 15.

Valuation of Property - Real Market Value. "Real Market Value" is the minimum amount in cash which could reasonably be expected by an informed seller acting without compulsion, from an informed buyer acting without compulsion, in an "arms-length" transaction during the period for which the property is taxed.

Property subject to taxation includes all privately owned real property (land, buildings and improvements) and personal property (machinery, office furniture and equipment) for nonresidential taxpayers. There is no property tax on household furnishings (exempt since 1913), personal belongings, automobiles (exempt since 1920), crops, orchards, business inventories or intangible property such as stocks, bonds or bank accounts, except for centrally assessed utilities, for which intangible personal property is subject to taxation.

Property used for charitable, religious, fraternal and governmental purposes is exempt from taxation. Special assessments that provide a reduction in the taxable Real Market Value may be granted (upon application) for veterans' homesteads, farm and forest land, open space and historic buildings. The Real Market Value of specially assessed properties is often called the
"Taxable Real Market Value" or "Measure 5 Real Market Value". The assessment roll, a listing of all taxable property, is prepared as of January 1 of each year.

Valuation of Property - Assessed Value. Property taxes are imposed on the assessed value of property. The assessed value of each parcel cannot exceed its Taxable Real Market Value, and ordinarily is less than its Taxable Real Market Value. The assessed value of property was initially established in 1997 as a result of a constitutional amendment. That amendment often called "Measure 50", assigned each property a value and limited increases in that assessed value to three percent per year, unless the property is improved, rezoned, subdivided, or ceased to qualify for exemption. When property is newly constructed or reassessed because it is improved, rezoned, subdivided, or ceases to qualify for exemption, it is assigned an assessed value that is comparable to the assessed value of similar property.

Tax Rate Limitation - Measure 5. A tax rate limitation was established in 1990 as the result of a constitutional amendment. That amendment separates property taxes into two categories: one to fund the public school system (kindergarten through grade twelve school districts, education service districts and community college districts, collectively, "Education Taxes") and one to fund government operations other than the public school system ("General Government Taxes"). Education Taxes are limited to $\$ 5$ per $\$ 1,000$ and General Government taxes are limited to $\$ 10$ per $\$ 1,000$ of the Taxable Real Market Value of property (the "Measure 5 Limits"). If the taxes on a property exceed the Measure 5 Limit for Education or General Government, then tax rates are compressed to the Measure 5 Limit. Local Option Levy rates compress to zero before there is any compression of Permanent Rates.

Taxes imposed to pay the principal and interest on the following bonded indebtedness are not subject to Measure 5 Limits: (1) bonded indebtedness authorized by a specific provision of the Oregon Constitution; and (2) general obligation bonded indebtedness incurred for capital construction or improvements approved by the electors of the issuer and bonds issued to refund such bonds.

Property Tax Collections. Each county assessor is required to deliver the tax roll to the county tax collector in sufficient time to mail tax statements on or before October 25 each year. All tax levy revenues collected by a county for all taxing districts within the county are required to be placed in an unsegregated pool, and each taxing districts shares in the pool in the same proportion as its levy bears to the total of all taxes levied by all taxing districts within the county. As a result, the tax collection record of each taxing district is a pro-rata share of the total tax collection record of all taxing districts within the county combined.

Under the partial payment schedule, taxes are payable in three equal installments on the $15^{\text {th }}$ of November, February and May of the same Fiscal Year. The method of giving notice of taxes due, the county treasurer's account for the money collected, the division of the taxes among the various taxing districts, notices of delinquency, and collection procedures are all specified by detailed statutes. The lien for property taxes is prior to all other liens or encumbrances of any kind on real or personal property subject to taxation. By law, a county may not commence foreclosure of a tax lien on real property until three years have passed since the first delinquency.

## Corporate Activity Tax

During the 2019 Legislative Session, House Bill 3427 ("HB 3427," also known as the Student Success Act) was approved and signed by the Governor. HB 3427 imposes a tax on certain taxable commercial activity (the "Corporate Activity Tax") and designates the revenues be deposited in the newly created Fund for Student Success. Funds will be used to expand existing programs and create new programs focusing on equity in early learning programs and prekindergarten through grade 12 level education.

A prescribed amount of Corporate Activity Tax revenues are allocated to the SSF with the balance allocated between three separate accounts. Of the balance, at least $20 \%$ will be allocated to an Early Learning Account, up to $30 \%$ will be allocated to the Statewide Education Initiatives Account and at least 50\% is to be allocated to a Student Investment Account, which districts are required to apply for through a non-competitive grant process. Each program has rules on how funds will be distributed to districts; some are based on a per student formula and others may be requested by submitting an application.

## Federal Funding

Oregon school districts receive federal funding for a variety of purposes. Such funding is generally restricted to specific purposes.

## Construction Excise Tax

The 2007 Legislative Assembly approved legislation which allows school districts to levy a tax for capital improvements on new residential, commercial and industrial development (the "Construction Excise Tax"). Affordable housing, public improvements, agricultural buildings, hospitals, private schools, and religious facilities are exempted from the Construction Excise Tax. The tax rate limits are adjusted annually y the Oregon Department of Revenue for changes in construction costs. The Construction Excise Tax is not subject to voter approval.

Revenue generated through a Construction Excise Tax can be used to acquire land, construct, reconstruct or improve school facilities, acquire or install equipment, furnishings or other tangible property, pay for architectural, engineering, legal or other costs related to capital improvements, any expenditure for assets that have a useful life of more than one year, or the payment of obligations and related costs of issuance that are issued to finance or refinance capital improvements.

## GLOSSARY

## Accounting System

The total structure of records and procedures which recognize, classify, record summarize and report financial information of a government at its various component levels.

## Accrual Basis

The basis of accounting under which revenues are recorded when levies are made, and expenditures are recorded as soon as they result in liabilities regardless of when the revenue is actually received or the payment is actually made.

## Accrue

To record revenues when earned or when levies are made, and to record expenditures as soon as they result in liabilities, regardless of when the revenue is actually received or the payment is actually made. Sometimes, the term is used in a restricted sense to denote the recording of revenues earned by not yet due, such as accrued interest on investments and the recording of expenditures which result in liabilities that are payable in another accounting period, such as accrued interest on bonds.

## Adopted Budget

The final budget, which is approved by the governing board, is the basis for setting legal appropriation levels.

## Ad Valorem Tax

A property tax computed as a percentage of the value of taxable property.

## Appropriation

A legal authorization granted by the school board to make expenditures and to incur obligations for specific purposes. An appropriation is usually limited in amount and as to the time when it may be expended.

## Appropriation Level

A legally authorized authority by the governing body to make expenditures and to incur obligations for specific purposes up to a certain dollar amount. Expenditures cannot legally exceed appropriated levels.

## Approved Budget

The budget document receiving final acceptance from the budget committee, which is submitted to the governing board for adoption.

## Assessed Value

The portion of value of real or personal property which is taxable. It is the lesser of the property's real market value or the constitutional value limit (maximum assessed value -MAV). The value limit may increase 3 percent annually unless qualifying improvements or changes are made to the property. These improvements or changes allow the value limit to increase by more than 3 percent.

## Assets

Resources owned or held by a school district which have monetary value.

## Advancement via Individual Determination (AVID)

A college readiness system for elementary through higher education that is designed to increase school-wide learning and performance.

## ADM

Average Daily Membership. Student enrollment calculated for funding by the State.

## ADMr

Resident Average Daily Membership. Year-to-date average of daily student enrollment for students residing within the district. Some resident students may attend school in another district.

#### Abstract

ADMw Weighted Average Daily Membership. Year-to-date average of daily student enrollment for students residing within the district (ADMr) as of June 30 adjusted to reflect students with special needs. The state school funding formula credits districts with additional ADM for the following factors:

| ADMr | 1.00 | per full time student as of June 30 |
| :--- | ---: | :--- |
| Plus: |  |  |
| $\quad$ Special Education | 1.00 | December Count of IEP's |
| English Second Language | .50 | Year-to-date average $-6 / 30$ |
| Pregnant \& Parenting | 1.00 | Year-to-date average $-6 / 30$ |
| Poverty Factor | .25 | US Census Bureau SAIPE data |
| Foster Care/Neglected | .25 | Dept of Human Resources count |

## Balanced Budget

Projected resources equal projected requirements within each fund.

## Beginning Fund Balance

Funds carried forward from the current fiscal year into the next budgeted fiscal year that become a resource to support the appropriations for the next budgeted fiscal year.

## Board of School Directors

The elected or appointed body which has been created according to State law and vested with responsibilities for educational activities in a given geographical area.

## Bond or Bond Issue

A certificate of debt guaranteeing payment of the original investment plus interest on specific dates. Bonds are typically used by governments to pay for large public projects like new schools.

## Budget

A plan of financial operation embodying an estimate of proposed means of financing them for a single fiscal year. A proposed budget is presented to the budget committee for approval. An approved budget is subsequently adopted as approved or modified by the school board.

## Budget Committee

A group of individuals consisting of the governing body and equal number of legal voting patrons of the governmental organization. The committee is commissioned with receiving the proposed budget from management, reviewing and revising the budget as needed and forwarding their approved budget to the governing body.

## Budgetary Control

The management of the district in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues.

## Budget Document

The instrument used by the budget-making authority to present a comprehensive financial program to the school board which is the appropriating body. The budget document contains a message from the superintendent, together with a summary of the proposed expenditures, means of financing them, and the schedules supporting the summary. These schedules show in detail the information as to past years' actual revenues, expenditures, and other data used in making the estimates.

## Budget Message

An explanation of the budget and local government's financial priorities. Prepared by or under direction of the executive officer or presiding officer of the governing body.

## Budget Officer

Person appointed by the governing body to assemble budget material and information and to prepare the proposed budget.

## Budgetary Expenditures

Decreases in net current assets. In contrast to conventional expenditures, budgetary expenditures are limited in amount to exclude amounts represented by non-current liabilities.

## Capital Assets

Assets with an initial individual cost of more than $\$ 5,000$ and an estimated useful life in excess of one year. Capital assets include grounds and improvements, buildings, construction in progress, intangibles, equipment and vehicles.

## Classified Employees

Support staff, including instructional assistants, clerical staff, bus drivers, custodians, and maintenance and food service workers.

## Contingency

An amount budgeted each year for unforeseen expenditures. Transfer of general operating contingency funds to cover unanticipated expenditures requires Board approval.

## Contracted Services

Labor, material, and other costs for services rendered by personnel who are not on the payroll of the local education agency.

## County School Fund

The County School Fund is an allocation made to school districts from a variety of county sources. Also, Federal Forest receipts are received by school districts through the County School Fund when federal timber, managed by the U.S. Forest Service within the county, is harvested. Twenty-five percent of this revenue must go to schools; 75 percent is for county roads. In 10 counties - Curry, Gilliam, Grant, Harney, Hood River, Lake, Morrow, Sherman, Wallowa and Wheeler - more than 25 percent may be allocated to schools at the discretion of the county commission. Federal Forest Fees to schools totaled $\$ 32.3$ million in 2004-05 and account for one percent of total school district resources.

## Current Resources

Resources to which recourse can be had to meet current obligations and expenditures. Examples are current assets, estimated revenues of a particular period not yet realized, transfers from other funds authorized but not received, and in the case of certain funds, bonds authorized and unissued.

## Debt

An obligation resulting from the borrowing of money or from the purchase of goods and services. Debts of local education agencies include bonds, warrants and notes, etc.

## Debt Service

The amount of money needed to make periodic payments on the principal and interest on an outstanding debt. Debt service is usually expressed as an annual amount.

## Debt Service Fund

Accounts for the sale and repayment of general obligation bonds. These "G.O." bonds allow the district to finance new capital projects, such as the building of schools or facilities. Voters must approve the sale of general obligation bonds.

## Deficit

The excess of the liabilities of a fund over its assets. Oregon school districts may not carry deficits in any fund.

## Education Stability Fund

Established in 2002 by constitutional amendment and funded with $15 \%$ of lottery earnings. Has similar triggers to access as Rainy Day Fund but no two thirds cap on withdrawals. Limited to $5 \%$ of state General Fund revenues collected in the prior biennium.

## Elementary and Secondary Education Act (ESEA)

Federal statute originated in 1965 an dis currently authorized under the Every Student Succeeds Act (ESSA). The Every Student Succeeds Act represents the largest source of federal support for K-12 education and focuses resources on the neediest students and schools. Includes Title I funding for economically disadvantaged students at risk of falling behind.

## Every Student Succeeds Act (ESSA)

The Every Student Succeeds Act (ESSA) replaces No Child Left Behind (NCLB) and is the most recent authorization of the Elementary and Secondary Education Act (ESEA), the principal federal law affecting K-12 education. A number of federal entitlement programs (Title I-V) are
grouped together under this program name.

## Encumbrance

Decrease in net financial resources by issuance of a purchase order.

## Ending Fund Balance

The difference between a fund's resources and requirements at year end.

## English Language Learner

The English Language Learner program provides educational support to students who do not meet a minimal English language proficiency standard.

## Enterprise Funds

Account for operations that are financed and operated where the stated intent is that the costs (expenses, including depreciation and indirect costs) of providing goods or services to students are recovered primarily through user charges.

## Equalization

A method for allocating local and state funds for schools adopted by the 1991 Oregon Legislature and modified slightly since then. The purpose of equalization is to ensure that students in all of Oregon's districts are treated more or less equally in terms of how state and local resources are allocated. Equalization is implemented through the State School Fund formula which allocates local and state funds on a weighted per student basis.

## Equipment

Those moveable items used for school operation that are of a non-expendable and mechanical nature, i.e., perform an operation. Typewriters, projectors, vacuum cleaners, computers, lathes, clocks, machinery and vehicles, etc. are classified as equipment.

## Estimated Revenue

When the accounts are kept on an accrual basis, this term designates the amount of revenue estimated to accrue during a given period regardless of whether or not it is all to be collected during the period.

## Expenditures

Decreases in net financial resources. Expenditures include current operating expenses which require the current or future use of net current assets, debt service, and capital outlays.

## Extra-curricular

School sponsored activities, under the guidance and supervision of district staff, which supplement the regular instruction program including athletics, band and choir.

## Fall Enrollment

Number of students enrolled in school on October $1^{\text {st. }}$

## Fiscal Year

A twelve-month period of time to which the annual budget applies and at the end of which a local education agency determines its financial position and the results of its operation. School Districts in Oregon have a fiscal year beginning July 1.

## Fixed Assets

Asset of a long-term character which are intended to continue to be held or used, such as land, buildings, improvements other than buildings, machinery, and equipment costing over $\$ 5,000$.

## Function

Expenditure classification identifying the activity or principal purpose for which an expenditure is made.

## Function Classification

Expenditure classification according to the principal purposes for which expenditures are made.

## FTE

Full-time equivalent staff. One FTE is generally defined as a regular staff position scheduled to work eight hours per day.

## Fund

A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

## Fund Balance

The excess of assets of a fund over its liabilities and reserves. During the fiscal year prior to closing, it represents the excess of the fund's assets and estimated revenues for the period over its liabilities, reserves and appropriations for the period.

## General Fund

The fund used to account for all financial resources except those required to be accounted for in another fund. It covers the operations of schools, including expenditures for salaries and benefits, supplies, textbooks, utilities, and other general expenses.

## General Obligation Bonds

Issued by the district and authorized by the vote of the people of the district, these funds may be used to acquire land, renovate, remodel and expand existing facilities, build new schools, and pay issuance costs.

## Generally Accepted Accounting Principals (GAAP)

Uniform minimum standards of, and guidelines to, financial accounting and reporting. These principals govern the form and content of the basic financial statements of the district.

## Grants

Resources received from various organizations in turn for performance of specific program or other expenditure activity designed by the grantor.

## High Cost Disability Grant

State School Fund allocation to reimburse school districts for expenditures above $\$ 30,000$ per student for high cost special education students.

## IDEA

The Individuals with Disabilities Education Act is federal legislation which requires local districts to provide free and appropriate education in the least restrictive environment to students with disabilities.

## Individualized Education Program (IEP)

A written statement of an educational program for a student receiving special education services. An IEP is required for each student receiving such services.

## Indirect Cost

A cost necessary for the functioning of the organization as a whole but cannot be directly assigned to one service.

## Instruction

The activities dealing directly with the teaching of students or improving the quality of teaching.

## Internal Service Fund

A fund used to account for the financing of goods or services provided by one department or agency to other departments or agencies of a government, or to other governments, on a costreimbursement basis.

## Levy (Verb)

To impose taxes or special assessments. (Noun) The total of taxes or special assessments imposed by a governmental unit.

## Liabilities

Debt or other legal obligations arising out of transactions in the past which must be liquidated, renewed, or refunded at some future date. This term does not include encumbrances.

## Licensed Employees

Includes teachers, counselors, media specialists, psychologists, social workers, nurses, athletic trainers, occupational speech, and physical therapists.

## Local Government

Any city, country, port, school district, public or quasi-public corporation (including a municipal utility or dock commission) operated by a separate board or commission.

## Location

Operational unit used as budgetary cost control center such as individual school sites, or central service departments such as business services and personnel.

## Measure 5

Property tax limitation passed by Oregon's voters in November 1990, limiting local property taxes for schools to $\$ 5$ per $\$ 1,000$ of assessed value.

## Measure 47

Property tax limit passed by Oregon voters in November 1996, rolling taxes back to 1995-96 levels less $10 \%$ and capping future increases by $3 \%$ annually.

## Measure 50

Initiative referred by legislature and approved by voters to clarify and implement Measure 47. Measure 50 set the assessed value for each property and limited future annual growth to $3 \%$, with exceptions. Under Measure 50, assessed value cannot exceed real market value. Prior to Measure 50, property was assessed at real market value.

## Measure 98

The High School Graduation and College and Career Readiness Act of 2016 (Measure 98currently referred to as the High School Success Act), provides direct funding to school districts to increase high school graduation rates. Measure 98 identifies three specific areas: 1) Establish or expand career and technical education programs in high schools, 2) Establish or expand college-level educational opportunities for students in high schools, and 3) Establish or expand dropout-prevention strategies in high schools. A school district will receive funds under Measure 98 if the school district submits a biennial plan for increasing high school graduation rates using the three identified strategies. A district's biennial plan must be approved by the ODE.

## Modified Accrual Basis

All governmental funds and expendable trust funds are accounted for using the modified accrual basis of accounting. Under it, revenues are recognized when they become both "measurable" and "available to finance expenditures of the current period." Expenditures are recognized when the related fund liability is incurred.

## Non-consumable Supplies

Expenditures for items that are "equipment like" but which fail one or more of the criteria for classification as capital outlay.

## Object

As used in expenditure classification, this term applies to the article purchased or the service obtained (as distinguished from the results obtained from expenditures). Examples are salaries employee benefits, personal services, contractual services, materials, and supplies.

## Payroll Costs

Amounts paid by a school district on behalf of employees, in addition to gross salary.
Examples are:
Group health insurance;
Contributions to public employee's retirement system;
Social security (FICA);
Workers' compensation and Unemployment insurance.

## Program

A group of related activities to accomplish a major service or function for which the local government is responsible.

## Program Budget

A budget wherein expenditures are based primarily on programs of work and secondarily on character and object class. A program budget is a transitional type of budget between the traditional character and object class budget, on the one hand, and the performance budget, on the other hand.

## Property Taxes

Amounts imposed on taxable property by a local government within its operating rate limit, levied under local option authority, or levied to repay bonded debt.

## Proposed Budget

The initial budget developed by district management that is presented to the budget committee for review.

## Purchase Order

A document used to authorize the acquisition of specific services, supplies or capital outlay.

## Quality Education Model (QEM)

A model, developed by the legislative Council on the Quality Education Model and refined by the Oregon Quality Education Commission, specifies what constitutes adequate funding and service for elementary, middle, and high school students.

## Rainy Day Fund

Established by the 2007 legislature and built by moving funds from the state ending fund balance at the end of each biennium. Withdrawals require one of three conditions to be met plus threefifths vote of legislature. Conditions are decline in employment, projected budgetary shortfall, and declaration of state of emergency. Withdrawals are limited to two-thirds of balance at beginning of biennium.

## Rate Limit

A district's permanent ad valorem property tax rate for operating purposes. This rate levied against the assessed value of property raises taxes for general operations. Permanent tax rate limits were either computed by the Department of Revenue for districts existing prior to 19971998, or are voter-approved for districts formed in 1997-1998 and later.

## Real Market Value (RMV)

Defined under Measure 50 to be the amount of cash that could reasonably be expected to be paid by an informed buyer to an informed seller as of the assessment date for the tax year.

## Requirements

In the budget document resources must equal requirements. Requirements include appropriated expenditures and unappropriated reserves for future years.

## Reserve Fund

Established to accumulate money from one fiscal year to another for a specific purpose.

## Resolution

An order of a governing body. Requires less legal formality and has lower legal status than an ordinance. Statutes or charter will specify which actions must be by ordinance and which may be by resolution. (For cities, revenue-raising measure such as taxes, special assessments and service charges always require ordinances.)

## Resources

Estimated beginning fund balances on hand at the beginning of the fiscal year, plus all anticipated revenues.

## Revenues

Monies received or anticipated by a local government from either tax or non-tax sources.

## Special Revenue Fund

This fund tracks money school districts receive from federal, state, and private grants. Some examples are: funds for disabled student's funds for educationally disadvantaged students, funds for drug and alcohol prevention, and professional development funds. Money that schools receive from students and parent groups for purposes such as special school projects, field trips, and various student activities may be recorded here.

## Staffing Ratio

The licensed staffing ratio is the ratio of students to staff. Class size is higher than the staffing ratio because counselors and specialists in areas such as Music, Media, PE, are included in the staffing ratio.

## State School Fund

A long-standing state fund within the budget of the Oregon Department of Education which holds the major appropriation of state financial support for schools. Annual grants are distributed to school districts on a per-student basis in eleven payments per year, according to a legislatively adopted formula. This formula incorporates monies held in the State School Fund plus local property taxes and other local revenues such as Federal Forest Fees, Common School Funds, and County School Funds.

## STEM

Science, Technology, Engineering, and Mathematics curriculum.

## Supplemental Budget

Prepared to meet unexpected needs or to spend revenues not anticipated at the time the regular budget was adopted. A supplemental budget cannot be used to increase a tax levy.

## TAG

The Talented and Gifted (TAG) State legislation requires local districts to provide programs and services to academically talented and cognitively gifted students at their assessed level and rate of learning.

## Tax Base

The total property and resources subject to taxation.

## Tax Levy

Taxes imposed by a local government unit through a rate or amount.

## Taxes

As presented under "revenues" refers to Ad Valorem taxes levied by a district on the assessed valuation of real and personal property located within that district.

TOSA
Teacher on special assignment, usually performing project work such as curriculum development or program coordination.

## Transfers

Amounts distributed from one fund to finance activities in another fund. Shown as an expenditure in the originating fund and revenue in the receiving fund.

## Trust and Agency Fund

Account for assets held by a district in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds.

## Unappropriated Ending Fund Balance

Amount budgeted to carryover to the next year's budget to provide the district with needed cash flow until other money is received and to provide financial stability. This amount cannot be transferred by resolution or used through a supplemental budget during the fiscal year.

## PUBLIC NOTICE

NOTICE OF BUDGET COMMITTEE MEETING

Two public meetings of the Budget Committee of the-McMinnville School District No. 40, Yamhill County, State of Oregon, to discuss the budget for the fiscal year July 1, 2021 to June 30, 2022, will be held. These are public meetings where deliberation of the Budget Committee will take place: The first meeting will take place on May 19,2021 at 7:00 pm. The purpose of this meeting is to receive the budget message and to review the proposed budget. The second meeting will be held on June 2, 2021, at 7:00 pm to receive comments from the public and for approval of the proposed budget
In response to the current health emergency resulting from the COVID-19 pandemic, both meetinge of the McMinnville School District Budget Committee will take place virtually. The Budget Committee meetings will be open to the public by this Zoom webinal link: https:///msd40.zoom. us /j/88568435749
The District will accept public comment via email or mail only. Send public comment via email to budgetcommittee@msd.k12.or.us and clearly label the subject line as: "Public Comment"; or mail to: MSD Budget Committee - Public Comment, 800 NE Lafayette Ave; McMinnville, Oregon 97128. Public comment received by 5:00 pm on the day of each meeting will be published with committee - materials linked on the District's website. The Budget Committee will read, review and consider all public comment.
A copy of the budget document
will be available for viewing on the District's website on or after May 19, 2021 at: www.msd.k12.or.us. NR Published April 30 May 7, 2021

## TATEMENT OF CHANGES IN ACTIVITIES and SOURCES OF FINANCING *

The 2021-22 approved budget includes $\$ 84.4$ million for the General Fund, the main operating fund of the District. The General Fund budget is based on the State allocating $\$ 9.3$ billion to K-12 education. This level of funding only provides for a $1 \%$ increase in state school fund formula revenues to the District. It does not provide the amount needed to rollup costs for current programs. The District has budgeted to spend $\$ 13.6$ million of Federal Elementary and Secondary School Emergency Relief funds divided over the next tw years to provide accelerated learning programs and additional health and safety measures needed due to the pandemic. Additional state funding is available for Summer 2021 fo enhanced summer learning programs. The debt levy of $\$ 10,300,000$ is to pay for the District's General Obligation Bonds approved by the voters in 2006 and 2016 . The bond debt levy rate is estimated to remain at $\$ 2.60$ per $\$ 1,000$ of assessed value, which is below the $\$ 2.80$ estimated in May 2016.

[^0]:    * Note: Elementary class size reduction will be funded with ESSER grant to provide increase in health and safety and acceleration of learning.

[^1]:    ${ }^{1}$ The Government Finance Officers Association (GFOA) recommends, at a minimum, that general purpose governments, regardless of size, maintain an unreserved fund balance in their general fund of no less than 5 to 15 percent of regular general fund operating revenues, or of no less than one or two months of regular general fund operating expenditures. In general practice, levels of fund balance, typically, are less for larger governments than for smaller governments because of the magnitude of the amounts involved and because the diversification of their revenues and expenditures often results in lower degrees of volatility.

[^2]:    ${ }^{2}$ Higher levels of unreserved fund balance may be needed if significant revenue sources are subject to unpredictable fluctuations or if operating expenditures are highly volatile.
    ${ }^{3}$ The availability of resources in other funds may reduce the amount of unreserved fund balance needed in the general fund, just as deficits in other funds may require that a higher level of unreserved fund balance be maintained in the general fund.
    ${ }^{4}$ The disparity between when financial resources actually become available to make payments and the average maturity of related liabilities may require that a higher level of resources be maintained.
    ${ }^{5}$ The need to maintain a higher level of unreserved fund balance to compensate for any portion of unreserved fund balance already designated for a special purpose.
