Dear Students, Families, and Staff,

I am thrilled to welcome you all back to another inspiring school year filled with boundless opportunities for growth, discovery, and achievement. As we embark on this journey together, I am delighted to share our commitment to a three-year strategic plan that centers around academic excellence, student and staff wellness, family and community engagement, and the paramount safety of every student.

**A Vision for Excellence:** Our newly crafted three-year strategic plan represents our collective dedication to fostering academic excellence. With a renewed focus on rigorous and inclusive educational practices, we aim to empower each student to reach their full potential. By embracing innovation, personalized learning, and continuous improvement, we strive to provide an educational experience that equips our students with the skills, knowledge, and resilience needed to succeed in an ever-evolving world.

**Wellness as a Foundation:** We recognize that student and staff wellness is at the heart of a thriving learning environment. Our strategic plan places a significant emphasis on promoting physical, mental, and emotional well-being. By building a culture of self-care, mindfulness, and supportive relationships, we are nurturing the conditions for optimal learning and personal growth.

**Engaging Together, Thriving Together:** Family and community engagement form the bedrock of a vibrant and enriching educational experience. Through open lines of communication, collaborative initiatives, and partnerships, we aim to create a sense of belonging and shared responsibility. Your involvement strengthens our educational community and amplifies the positive impact we can have on our students' lives.

**Safety Above All:** The safety of our students and staff remains our top priority. Our strategic plan underscores our commitment to maintaining a secure and nurturing environment where each individual feels protected and valued. Through comprehensive safety measures, proactive training, and open channels of communication, we are dedicated to ensuring that every school day is a safe and productive one.

**Attendance: The Key to Success:** Attendance is a critical factor in student success. Regular attendance not only enables students to build on their learning but also fosters a sense of responsibility and accountability. We believe that each student deserves the opportunity to learn, grow, and engage fully in the educational experience. As parents and guardians, your support in ensuring that your children come to school each day, ready and willing to learn, plays a pivotal role in their academic journey.

As we unite to embark on this new school year, I invite you to join us in upholding the pillars of our strategic plan – academic excellence, wellness, engagement, and safety. Together, we will cultivate an environment where each student can flourish and every staff member can thrive.

Let us work hand in hand to make this school year an extraordinary one. I look forward to the shared achievements, breakthroughs, and memorable moments that await us.

With great enthusiasm and best wishes for an exceptional year ahead,

Debbie Brockett  
Superintendent

## McMinnville School Board

The Board of Directors of the McMinnville School District believes that each student should receive the best education that its resources can provide. The district's purpose is to provide opportunities for each student to realize successes necessary for living a productive and rewarding life in our society. Being an instrument of the community, the district will share responsibility with the home in providing an educational program, which will help each individual meet, understand and solve problems and accept responsibilities.

All students have rights. These rights carry related responsibilities on the part of each student. Students are charged with the responsibility to contribute to a positive educational climate, to actively participate in the prescribed learning activities, to use considerate behaviors, and to protect their own rights and those of other people. Although these rights and responsibilities are applicable in a total society, this document relates to, and is in force during the regular school day, at any school-related activity, regardless of time or location and while being transported in district-provided transportation.

Off campus and outside of school time conduct that violates the District Student Code of Conduct may also be the basis for discipline if it has the potential to disrupt or impact the safe and efficient operation of the school or interfere with the rights of others.

One or more of the following characterizes a school-sponsored activity:

1. Any activity on school grounds and school facilities during published school hours.
2. Financing provided by or supervised by the school or school district.
3. Supervision in any form provided by school personnel, on or off school grounds.
4. Any activity that is the direct result of an in-school program.
5. An extended amount of class time taken to plan the activity.
6. Students using district-provided transportation.
7. Any related activity, regardless of the time or location.

The board meets on the second Monday of each month at 6:30pm. Regular meetings are held at the District Administration Building, 800 NE Lafayette Ave, McMinnville, Oregon, in the board room, unless otherwise noted. Board meetings are open to the public and provide an opportunity for public input. Agendas for Board meetings are posted on the district website.

Each spring, currently enrolled students are automatically enrolled for the following school year, with the exception of transfer students who have been admitted under the approval process described later in this handbook.

## Kindergarten Enrollment

Children attending kindergarten for the first time must be 5 years of age on or before September 1 of the school year for which they are registering. Families are asked to enroll their student at their neighborhood school. [Board Policy JEC](#)

Proof of immunization may be personal records from a licensed physician or public health clinic.

Any student not in compliance with Oregon statutes and rules related to immunization may be excluded from school until such time as they have met immunization requirements. Parents/guardians will be notified of the reason for this exclusion. A hearing will be afforded upon request. [Board Policy JHCB](#)

## Students Navigating Homelessness

MSD provides full and equal opportunity to students in homeless situations as required by law, including immediate enrollment. School records, medical records, proof of residence, or other documents will not be required as a condition for admission. A homeless student will be admitted, in accordance with the student's best interest, to the student's school of origin or will be enrolled in a district school in the attendance area in which the homeless student is actually living, unless contrary to the request of the parent or unaccompanied student.

Transportation to the student's school of origin will be provided in accordance with the McKinney-Vento Homeless Assistance Act. For additional information concerning the rights of students and parents/guardians of students in homeless situations or assistance in accessing transportation services, contact the district's liaison for homeless students in the Curriculum and Instruction department at the district office. [Board Policy JECBD](#)

At times we take pictures and videos of our students in the classroom, on the playground or participating in year-round learning activities to share what's going on in our schools and district.

This information may be used for teacher professional development and to publicize good news about district learning programs including honor roll, achievement awards, academic or athletic accomplishments and other activities. These photos/videos may be published in school yearbooks, school and district newsletters, district advertising, school and district websites and social media, local public access television, and news releases to the local newspaper.

**If you do not want your child's photo, name or schoolwork included, please inform the school office in writing by the first day of attendance. Please note: the status on file for your student will remain in place unless a change is submitted.**

# School Safety

## Emergency Drills

Instruction on fire, earthquake, safety threats, and drills for students and staff is conducted for at least 30 minutes each school month. At least one fire drill, which includes routes and methods of exiting the school building, will be conducted each month for students in grades K-12. At least one fire drill will be conducted within the first 10 days of the school year.

At least two drills on earthquakes and two drills for school safety threats will be conducted each year for students in grades K-12. Drills and instruction on safety threats shall include procedures related to lockdown, lockout, shelter in place, evacuation, and other actions to take when there is a threat to safety.

A map/diagram of the fire escape route to be followed is posted near all classroom doorways and reviewed with students. When the fire alarm is sounded, students must follow the direction of staff quickly, quietly and in an orderly fashion. [Board Policy EBCB](#)

Our district uses a Standard Response Protocol (SRP) for safety. The SRP includes the following actions: lockout, lockdown, evacuate, shelter, and hold.

- Secure – “Lockout, Get inside. Lock outside doors,” students are brought inside, windows and doors are locked, no outside activities, business as usual inside the building, and increased situational awareness until all clear.
- Lockdown – “Lockdown, Locks, Lights, Out of Sight” when a threat or hazard is inside the school building, maintain silence, and wait for First Responders to open locked doors.
- Evacuate – “Evacuate to the (Announced Location),” move students to another location within the school or outside the school to evacuation location.
- Shelter – “Shelter for (Hazard using a Safety Strategy),” conditions outside are unsafe due to weather or other hazards and personal protection is necessary.
- Hold – “Hold, In your Classroom” when the hallways need to be cleared. For example, if a student or staff experience a medical emergency while at school, a hold would be called to allow emergency personnel to respond.

If you have questions or concerns about safety drills or practices, please contact your student’s school principal.

## Emergency Medical Treatment

A student who becomes ill or is injured at school must notify their teacher or another staff member as soon as possible. In the case of a serious illness or injury, the school shall attempt to notify parents/guardians according to information provided on emergency forms submitted by parents/guardians. Parents/guardians are encouraged to update this information as often as necessary.

If the student is too ill to remain in school, the student will be released to the student’s parents or to another person as directed by parents on the student’s emergency form.

School staff may administer emergency or minor first aid, if possible. The school will contact emergency medical personnel, if necessary, and will attempt to notify the student’s parents whenever the student has been transported for treatment.

## Safety and School Closure Notifications

The district uses a mass notification automated calling system for school closures, emergencies, and safety alerts. This method of contacting families relies on up-to-date phone numbers.

- The first two parents/guardians listed as contacts for each student will be notified at the phone number or email provided at registration.
- In the event of early morning school cancellation due to inclement weather, calls to home phone numbers will begin at 6 am.
- If you wish to opt-out one of the parent/guardians from phone notifications, please contact your student's school.

## SafeOregon

SafeOregon is a statewide school safety tip line for students to use to report school safety threats. If you know of someone who is in immediate danger, dial 911.

For non-emergency safety concerns, submit a tip in one of the following ways:

- **Email:** [tip@safeforegon.com](mailto:tip@safeforegon.com)
- **Phone or text:** 844-472-3367
- **Mobile App:** get it on iTunes or Google Play
- **Submit a form online at:** <https://app.safeforegon.com/>

All personal information is optional and confidential and all tips go immediately to a tip line technician 24 hours a day, every day of the year. Tips are analyzed and forwarded to designated school staff who can help resolve reported incidents.

# Instruction

## Special Education

A continuum of services and options have been developed to meet the unique educational needs of students with disabilities. Special education is specifically designed for students whose needs cannot be met without accommodation and/or modification of the regular instructional program. If you are concerned about your student having difficulty learning in the same way as their peers, talk with the teacher or your school principal. Teachers and school professionals are responsible for initiating a conversation with parents/guardians to decide what kind of extra support is needed. [Board Policy IGBAJ](#)

## Special Programs

### **English Learners**

Students may qualify for English language services as emergent bilinguals, if they are identified by an assessment as having limited English proficiency. A student or parent/guardian with questions about these programs should contact the building administrator or the Migrant/EL Coordinator at 503-565-4010.

### **Title I Services**

Some of the schools in our district provide special services for disadvantaged learners under Title I. Parents/guardians of eligible students are encouraged to become involved in the organized, ongoing planning, review and improvement of the school's Title I program efforts. All schools who are involved will provide information and proper notice as required by law.

[Board Policy IGBC](#)

### **Talented & Gifted Program**

#### **Identification of Talented and Gifted Students**

The district serves academically talented and gifted students in grades K-12, including talented and gifted (TAG) students from such special populations as ethnic minorities, the economically disadvantaged, the culturally different, the underachieving gifted, and students with disabilities. [Board Policy IGBB](#) and [Board Policy IGGBA](#)

## Alternative Education Programs

Alternative education program options have been established and approved by the Board to meet the individual needs of students. These programs will be made available to students who are unable to succeed in the regular programs because of erratic attendance or behavioral problems, for students who have not met or who have exceeded all of Oregon's academic content standards, when necessary to meet a student's educational needs and interests, to assist students in achieving district and state academic content standards, or when a public or private alternative program is not otherwise readily available or accessible. Such programs consist of instruction or instruction combined with counseling and may be public or private. Private programs must be registered with the Oregon Department of Education. Home schooling shall not be used as an alternative education program placement.

The district will provide alternative education programs for students expelled for violation of applicable state or federal weapons laws.

# General Policies

## Assessment Program

The district's assessment program shall be designed for the purpose of determining district and school program improvement and individual student needs including the requirements of the Oregon Administrative Rules. Assessments shall be used to measure the academic content standards and Essential Skills and to identify students who meet or exceed the performance standards and Essential Skills adopted by the State Board of Education.

Students may opt-out of the statewide summative assessments as provided by state law. The district shall provide the required notice and necessary forms to the student. Forms are available from each student's school in the spring. The district shall provide supervised study time for students who are excused from participating in the assessment. [Board Policy IL](#)

## Distribution of Material

All aspects of school-sponsored publications, including web pages, newspapers and/or yearbooks, are completely under the supervision of the teacher and building administrator. Students may be required to submit such publications to the administration for approval. Generally, high school student journalists have the right to exercise freedom of speech and of the press in school-sponsored media. School-sponsored media prepared by student journalists are subject to reasonable time, place, and manner restrictions pursuant to state and federal law.

### **Distribution of Community Information**

Requests by individuals or groups to distribute announcements, pamphlets, flyers, brochures, and other similar materials to students or staff for non-school sponsored organizations shall be submitted electronically to the Superintendent or designee. Materials will be reviewed and approved through an online process.

Those communications from public agencies or other organizations that include information of education concern or interest or benefit to youth and family, such as community events, classes, sports and recreation, and other opportunities may be allowed.

- Material must be appropriate based on the age, grade level, or maturity of the reading audience and contain information that is factual.
- Material may not be defamatory; must be free of racial, ethnic, religious, sexual bias, or gender bias; and not contain advertising that violates public school laws, rules, or policy.
- Material must be easily readable for the intended audience and include contact name and telephone number, and email address (optional).

## Fees, Fines, and Charges

While materials that are part of the basic educational program are provided without charge to a student, the Board recognizes the need for student fees to fund certain extracurricular school activities that are not sufficiently funded by the district. All student fees and charges will be provided by your student's school in written form and distributed to each student.

No student will be denied participation in extracurricular activities if the student or parent or guardian of the student is unable to pay a fee. However, no student is exempt from charges for lost or damaged books, locks, materials, supplies, and equipment. In accordance with the law and with Board policy, certain restrictions and/or penalties may be imposed until such fees, fines, or charges are paid. [Board Policy JN](#)

## Damage to District Property

A student who is found to have damaged district property will be held responsible for the reasonable cost of repairing or replacing that property. If the cost is \$50 or more, the district will notify the student and parent. If the amount due is not paid within 10 calendar days of receipt of the district's notice, the amount will become a debt owed. In accordance with the law and with Board policy, certain restrictions and/or penalties may be imposed.

[Board Policy ECAB](#)

## Graduation Requirements

The Board establishes graduation requirements for the awarding of a high school diploma, a modified diploma, an extended diploma, and an alternative certificate, which meet or exceed state requirements.

A student may satisfy graduation requirements in less than four years. The district will award a diploma to a student fulfilling graduation requirements in less than four years if consent is received by the student's parent or guardian or by the student if the student is 18 years of age or older or emancipated. [Board Policy IKE](#)

## Health Education: Human Sexuality, AIDS/HIV and Sexually Transmitted Disease Instruction

An age-appropriate plan of instruction about Human Sexuality, AIDS, HIV and Sexually Transmitted Diseases has been included as an integral part of the district's health curriculum. The plan of instruction will include age-appropriate child sexual abuse prevention instruction for students in kindergarten through grade 12. Any parent may request that their student be excused from that portion of the instructional program required by Oregon law by contacting the principal for additional information and procedures.

Students or parents/guardians with questions about the district's AIDS, HIV, HBV, and HCV health education program should contact the Director of Student Services. [Board Policy IGAI](#)

## Parental Rights

The Board recognizes the importance of promoting parental input in decision making related to student health and general well-being, in determining district and student needs for educational services, in program development, and district operations. The district affirms the right of parents/guardians, upon request, to inspect the following: surveys created by third parties, instructional materials used by the district as part of the educational curriculum, or any instrument used in the collection of personal information from students.

As provided by law, parents/guardians of district students will also, upon request, be permitted to excuse their student from “covered activities” as defined by ESSA. The rights provided to parents/guardians, transfer to the student when the student turns 18 years old, or is an emancipated minor under applicable state law. [Board Policy KAB](#)

## Student Transfers

The Board believes that schools in the district offer a rich educational experience and that students have access to this through their boundary area school and district programs. The Board recognizes that some families may want to attend a school outside their boundary area. Families may utilize the transfer process set forth within the administrative regulations. [Board Policy JECBB](#)

## Neighborhood Boundaries

Students residing within the McMinnville School District boundary should enroll at the school in their assigned attendance area, which is based on a student’s home address or the address of their parents or legal guardian. There is an [interactive map of the school boundaries](#) located on the MSD website.

## Program Exemptions

Students may be excused from a state-required program or learning activity for reasons of religion, disability or other reasons deemed appropriate by the district. All such requests should be directed to the building administrator by the parent/guardian in writing and include the reason for the request.

On written application of parents/guardians, students may be excused from planned instruction. An alternative program or learning activity will be provided to the excused student. [Board Policy IGBHD](#)

## Student Education Records

The information contained below shall serve as the district’s annual notice to parents/guardians of minors and eligible students (if 18 or older) of their rights, the location and district official responsible for education records. Notice will also be provided to parents of minor students who have a primary or home language other than English. [Board Policy IGBAB/JO](#)

## **Access/Release of Education Records**

By law, both parents, whether married, separated or divorced, have access to the records of a student who is under 18 unless the district is provided evidence that there is a court order, state statute or legally-binding document relating to such matters as divorce, separation or custody that specifically revokes these rights. Parents of a minor, or an eligible student (if 18 or older), may inspect and review education records during regular district hours.

Education records are those records related to a student maintained by the district in a manner that conforms to state and federal laws and regulations. A student's education records are confidential and protected from unauthorized inspection or use. All access and release of education records with and without parent and eligible student notice and consent will comply with all state and federal laws.

Education records shall not be disclosed without parent or eligible student authorization or as otherwise provided by Board policy and law except to other school officials, including teachers, within the district who have a legitimate educational interest. [Board Policy JOB](#)

Permanent records shall include:

- Full legal name of student
- Name and address of educational agency or institution
- Student birth date and place of birth
- Name of parent/guardian
- Date of entry into school
- Name of school previously attended
- Course of study and marks received
- Data documenting a student's progress toward the achievement of state standards, and must include a student's Oregon State Assessment results
- Credits earned
- Attendance
- Date of withdrawal from school
- Other information as the district may prescribe, e.g., psychological test information, anecdotal records, records of conversations, discipline records, IEPs

Memory aids and personal working notes of individual staff members are considered personal property and are not to be interpreted as part of the student's education records, provided they are in the sole possession of the maker.

Parents of all students and adult students currently in attendance have the right to:

- Inspect and review the student's records.
- Request amendment of the student's educational records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights.
- Consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that the student educational record rules authorize disclosure without consent.
- File with the U.S. Department of Education a complaint concerning alleged failures by the district to comply with the requirements of the Family Educational Rights and Privacy Act.
- Obtain a copy of the district's education records policy.

## **Provision for Hearing to Challenge Content of Education Records**

Parents of a minor, or eligible student (if 18 or older), may inspect and review the student's education records and request a correction if the records are inaccurate, misleading, or otherwise in violation of the student's privacy or other rights. If the district refuses the request to amend the contents of the records, the requester has the right to a hearing as follows:

- Parents shall make request for hearing in which the objections are specified in writing to the building administrator.
- The building administrator shall establish a date and location for the hearing agreeable to both parties.
- The hearings panel shall consist of the following:
  - The building administrator or designated representative
  - A member chosen by the eligible student or student's parent(s); and
  - A disinterested, qualified third party appointed by the Superintendent.
- The hearing shall be private — Persons other than the student, parents or guardians, witnesses and counsel shall not be admitted.

An individual who does not have a direct interest in the outcome of the hearing shall preside over the panel. They shall hear evidence from the staff and from the parents to determine the point or points of disagreement regarding the education records. The panel shall make a determination after hearing the evidence and determine what steps, if any, are to be taken to correct the education record. Such actions are to be made in writing to the parents.

If, after such hearing is held as described above, the parents are not satisfied with the recommended action, the parents may appeal to the Board where the action of the hearings panel may be reviewed and affirmed, reversed, or modified. Procedure for appeal beyond the local Board follows the prescribed actions as set forth in federal regulations. The parent or eligible student may file a complaint with the Federal Family Compliance Office, United States Department of Education regarding an alleged violation of the Family Educational Rights and Privacy Act. File complaints with the Family Policy Compliance Office, U.S. Department of Education, Washington D.C., 20202. A copy of the district's education records policy and administrative regulation may be obtained by contacting the office.

**[Administrative Regulation IGBAB/JO-AR](#)**

## **Requests for Education Records**

The district shall, within 10 days of a student seeking initial enrollment or services from the district, notify the public or private school, education service district, institution, agency, detention facility, or youth care center in which the student was formerly enrolled and shall request the student's education record.

## **Transfer of Education Records**

The district shall transfer originals of all requested student education records, including any Education Service District (ESD) records, relating to a particular student to the new educational agency when a request to transfer such records is made to the district. The transfer shall be made no later than 10 days after receipt of the request. The district shall retain a copy of the education records that are to be transferred in accordance with applicable Oregon Administrative Rules.

## Directory Information

Directory information is “personally identifiable information contained in a student education record which is not generally considered harmful or an invasion of privacy if released.” Information includes student's name, address, phone number and ID photo.

Release of directory information follows MSD policy [JOA](#). Families that would like to opt out of the release of their students’ directory information must provide written notice to the school.

## Students Transferring from Other Districts

Oregon law allows students to transfer between districts. The School Board establishes the number of student transfer requests into the district annually. An application for admission must be submitted through the Director of Curriculum’s office and approved by the superintendent or designee. Students receiving consent for admission may remain in the district until they finish the highest grade level in their current school. A new application for admission consideration must be submitted through the Director of Curriculum’s office when the student moves from elementary to middle and middle to high school. [Board Policy JECB](#)

## Student Searches

District officials may search the student, the student’s personal property and property assigned by the district for the student’s use at any time on district property, or when the student is under the jurisdiction of the school. Such searches will be conducted only when there is reasonable suspicion based upon specific and articulated facts to believe that the student personally poses or is in possession of some item that poses an immediate risk or serious harm to the student, school officials, and/or others at the school. Searches will not be excessively intrusive in light of the age, sex, maturity of the student, and nature of the infraction.

District-owned storage areas assigned for student use, such as lockers and desks, may be routinely inspected at any time. Such inspections may be conducted to ensure maintenance of proper sanitation, to check mechanical condition and safety, and to reclaim overdue library books, texts, or other instructional materials, property, or equipment belonging to the district.

Students will be notified that searches of district property have occurred and will be notified of any items seized as appropriate. When possible and practical, the student will be present when a search of personal possessions is conducted. Items found that are evidence of a violation of law, policy, regulation, or school rule may be seized and may be turned over to law enforcement or returned to the rightful owner, as appropriate. [Board Policy JFG](#)

## Questioning

Parents/guardians are advised that when an Oregon Department of Human Services or a law enforcement official is questioning a child whom the investigating agent believes may have been a victim of child abuse, the investigator may exclude district personnel from the investigation and may prohibit personnel from contacting parents/guardians. [Board Policy](#)

## Students with Special Needs

### **Child Find**

The McMinnville School District is responsible to locate, evaluate, and serve children with special needs from birth through 21 years of age. If the district suspects that a student has a disability, the district obtains parental consent for initial evaluation and conducts an initial evaluation and determines the student's eligibility to receive special education and related services.

If the student is eligible, the district will notify the parent and offer an opportunity for an IEP meeting to consider initiation of special education and related services to the student with a disability. If the parent declines, the district will give notice to the parent that the District will be available to conduct an evaluation when the parent gives consent or makes the student available. [Board Policy IGBA](#)

### **Students with Disabilities**

The school provides programs and services for students with disabilities. A student or parent with questions should contact the building administrator. [Board Policy IGBAJ](#)

### **Evaluation/Identification**

Students with disabilities may require specially designed instruction, curriculum, and instructional modifications, or other accommodations in order to benefit from school. Students may have disabilities that require an Individual Education Program or plan (IEP), or they may qualify for services under Section 504 (a federal nondiscrimination law) both of which are determined through a team process that includes extensive evaluations to assess the needs of the student and whether they met the criteria for eligibility. To initiate an evaluation for special education, please contact your classroom teacher, counselor, or building administrator and ask for assistance. [Board Policy IGBAH](#)

### **Services**

Each school has a team to address the needs of students with disabilities, whether the child qualifies for an IEP (Special Education) or a 504 Plan. A plan is developed to identify the characteristics of the disability and establish ways to address the needs of the student. The team is required to meet annually, but may need to meet more frequently depending on the student. [Board Policy IGBAF](#)

Other services provided for eligible students with disabilities include: adapted physical education, speech and language services, physical and occupational therapy, social/emotional support services, school psychologist services, and school-to career transition planning. The student's educational planning team makes determination of the need for these services.

## Tobacco-Free Environment

The Board recognizes its responsibility to promote the health, welfare, and safety of students, staff, and others on district property and at school-sponsored activities. The Board wishes to establish a school and working environment that is free of smoke, aerosols, and vapors containing inhalants. Student possession, use, distribution, or sale of tobacco or tobacco products, or inhalant delivery systems, including any smoking or use of an inhalant delivery device, on district property, at school-sponsored activities on or off district property, in district-owned, rented, or leased vehicles, on all district grounds, including parking lots or otherwise while the student is under the jurisdiction of the school, is prohibited.

Tobacco use, distribution, or sale by others on district property, in district vehicles, or at district-sponsored activities on or off district property is also prohibited. Staff and/or all others authorized to use private vehicles to transport district students to school-sponsored activities are prohibited from using tobacco in those vehicles while students are under their care.

For the purposes of this policy, "tobacco products" is defined to include, but not limited to, any lighted or unlighted cigarette, e-cigarette, smokeless tobacco, cigar, pipe, bidi, clove cigarette, and any other smoking product, spit tobacco, also known as smokeless, dip, chew, or snuff, in any form. This does not include USFDA approved tobacco products or other therapy products used for the purpose of cessation. [Board Policy JFCG/JFCH/JFCI](#)

## Video Cameras on Transportation Vehicles

As a part of the district's ongoing program to improve student discipline and ensure the health, welfare and safety of all those riding school transportation vehicles, video cameras may be used on any school vehicles transporting students to and from curricular and extracurricular activities. [Board Policy EEACCA](#)

# Student Behavior and Conduct

## Attendance and Absences

All students between the ages of 6 and 18, who have not completed grade 12, are required to regularly attend school full time during the entire school term unless otherwise exempted by law. School staff will monitor and report violations of the state compulsory attendance law. All students age five who have been enrolled in a public school are required to attend regularly. Regular attendance shall mean attendance that does not include more than eight unexcused one-half day absences or the equivalent in any four-week period in which school is in session.

Any parent who fails to send a student to school within three days of notification by the district that their student is not complying with compulsory attendance requirements may be issued a citation by the district for the student's failure to attend school. Failure to send a student to school is a Class C violation of law and is punishable by a court imposed fine.

### **Board Policy JEA**

The district will notify the parent in writing that, in accordance with law, a representative of the building will schedule a conference with the non-attending student and their parent(s) to discuss attendance requirements. The written notice will include the following:

- The Superintendent or designee has the authority to enforce the provisions of compulsory attendance laws.
- Failure to send the student to school and to maintain the student in regular attendance is a Class C violation.
- A citation for violation of compulsory attendance laws may be issued by the Superintendent or designee.

The written notification will be in the native language of the parent.

Additionally, a parent or guardian, or other person lawfully charged with the care or custody of a student under 15 years of age, may, under ORS 163.577 (1)(c), be found by the courts to have committed the offense of failing to supervise a child who has not attended school as required.

Failing to supervise a child is a Class A violation. Violations, as determined by the court, may be punishable by a requirement to complete a parent effectiveness program approved by the court and/or a fine.

## **Absences and Excuses**

Please contact your child's school to report your child's absence. Please describe the reason for the absence. Absence from school or class will be excused under the following circumstances:

- Injury or illness, including mental or behavioral health of the student
- Bereavement or illness of an immediate family member when the student's presence at home is necessary
- Religious instruction (under conditions specified by Oregon law)
- Educational/occupational interviews
- Emergency situations that require the student's absence
- Field trips and school-approved activities
- Medical or dental appointments—confirmation of appointments may be required
- Legal or court appointments
- Other reasons deemed appropriate by the building administrators when satisfactory arrangements have been made in advance of the absence

Each school shall notify parents/guardians by the end of the school day if their child has an unplanned absence. The notification will be either in person, by telephone, or another method agreed to between the school and parent/guardian. If the parent/guardian cannot be notified by the above methods, a message shall be left, if possible.

Students may be excused on a limited basis from a pre-planned classroom activity or from selected portions of the established curriculum on the basis of a disability or for personal, religious, or ethnic considerations.

A student who leaves school during the day must bring a note from their parent. A student who becomes ill during the school day should, with the teacher's permission, report to the office. The office staff will decide whether or not the student should be sent home and will notify the student's parent, as appropriate.

A student who has been absent for any reason is encouraged to make up specific assignments missed and/or to complete additional in-depth study assigned by the teacher to meet subject or course requirements. Parents/guardians should contact the office to arrange for the collection of homework assignments for a student who will be absent several days. Teachers will provide notice to students regarding the consequences for student failure to make up assigned work within a reasonable amount of time as allowed by the teacher. Absenteeism will not be used as the sole measure for the reduction of grades. A student who is absent from school for any reason may not be allowed to participate in school-related activities on that day or evening. [Board Policy JED](#)

## **Truancy**

A student who is absent from school or from any class without permission will be considered truant and may be subject to disciplinary action including detention, suspension, and/or ineligibility to participate in athletics or other activities, and/or loss of driving privileges.

[Board Policy JEDA](#)

# Computer Use

Students may be permitted to use the district's electronic communications system for personal use, in addition to official district business, consistent with Board policy.

The district's electronic communications system meets the federal Children's Internet Protection Act requirements.

The district retains ownership and control of its computers, hardware, software, and data at all times. All communications and stored information transmitted, received, or contained in the district's information system are the district's property and are to be used for authorized purposes only. Use of district equipment or software for unauthorized purposes is strictly prohibited. To maintain system integrity, monitor network etiquette, and ensure that those authorized to use the district's system are in compliance with Board policy, administrative regulations, and by law, building administrators may routinely review user files and communications.

Students who violate Board policy, administrative regulations, including general system user prohibitions, shall be subject to discipline up to and including expulsion and/or revocation of district system access up to and including permanent loss of privileges. Violations of law will be reported to law enforcement officials. [Board Policy IIBGA](#)

## Conduct

Students are responsible for conducting themselves properly, in accordance with the policies of the district and the lawful direction of staff. The district has the responsibility to afford students certain rights as guaranteed under federal and state constitutions and statutes. [Board Policy JFC](#) & [Board Policy JG](#)

### **Student Code of Conduct**

The district has authority and control over a student at school during the regular school day, including during any school-related activity regardless of time or location and while being transported in district-provided transportation. Students will be subject to discipline including detention, suspension, expulsion, denial, and/or loss of awards and privileges and/or referral to law enforcement officials for the following (including but not limited to):

- Vandalism/malicious mischief/theft, including willful damage or injury to district property, or to private property on district premises or at school-sponsored activities
- Sexual Harassment
- Possession, use, distribution, sale of tobacco products or inhalant delivery systems, alcohol, or unlawful drugs, including drug paraphernalia, on or near district grounds or while participating in school-related activities
- Use or display of profane or obscene language
- Disruption of school environment
- Open defiance of a teacher's authority, including persistent failure to comply with the

- lawful directions of teachers or school officials
- Violation of district transportation rules
- Violation of law, Board policy, administrative regulation, school, or classroom rules

## **Student Rights and Responsibilities**

Among these student rights and responsibilities are the following:

- The right to equal educational opportunity and freedom from discrimination; the responsibility not to discriminate against others
- The right to attend free public schools, the responsibility to attend school regularly, to observe school rules essential for permitting others to learn at school, and to put forth best effort to maximize learning potential
- The right to due process of law with respect to suspension, expulsion, and decisions which the student believes injure their rights
- The right to free inquiry and expression; the responsibility to observe reasonable rules regarding these rights

- The right to privacy, which includes privacy with respect to the student's education records
- The right to know the behavior standards expected and the responsibility to know the consequences of misbehavior [Board Policy JF/JFA](#)

## **Conduct on District Transportation**

In addition to the Student Code of Conduct, the following rules shall apply to student conduct on district transportation. [Board Policy EEACC](#)

Students must:

- Obey the driver, coaches, teachers, and chaperones on the bus at all times
- Cross in front of the bus or as instructed by the bus driver, when necessary to cross the road
- Keep hands, head, feet, and objects inside doors and windows

- The following are not allowed: throwing objects, fighting, wrestling or scuffling, eating/chewing gum, glass containers or other glass objects, any other objects which might pose safety risks or barriers to safe entry and exit from the bus, and animals, except approved service animals

# Discipline/Due Process

A student who violates the Student Code of Conduct or specific school rules shall be subject to disciplinary action. A student's due process rights will be observed in all such instances, including the right to appeal the discipline decisions of staff and building administrators.

Discipline in the district is based upon a philosophy designed to produce behavioral changes that will enable students to develop the self-discipline necessary to remain in school and to function successfully in their educational and social environments.

Student disciplinary sanctions will offer corrective counseling and sanctions that are age appropriate, and to the extent practicable, that use approaches that are shown through research to be effective.

Disciplinary measures are applied, without bias, depending on the nature of the offense. The age and past pattern of behavior of a student will be considered prior to any suspension or expulsion.

In addition, when a student commits substance abuse, drug, or drug paraphernalia, alcohol and/or tobacco related offenses or any other criminal act, the student may also be referred to law enforcement officials. Violations of the district's weapons policy, as required by law, shall be reported to law enforcement.

## **Detention**

A student may be detained outside of school hours on one or more days if the student violates the Student Code of Conduct. The detention shall not begin, however, until the student's parents/guardians have been notified of the reason for the detention and can make arrangements for the student's transportation on the day(s) of the detention.

## **Discipline of Students with Disabilities**

When a student being served by an individualized education program (IEP) engages in conduct which would warrant suspension of more than 10 days, the student's parents/guardians will be notified immediately (within 24 hours) of the circumstances of the misbehavior and the time and location of the student's IEP team meeting addressing the infraction and its relationship to the disability.

The IEP team will determine whether the misconduct is a manifestation of the student's disability. If the IEP team concludes the misconduct has no relationship to the student's disability, the student may be disciplined in the same manner as would other students.

If the IEP team concludes the misconduct is a consequence of the student's disability, the team may review and revise the student's IEP and determine whether a change in placement is needed. The district may not suspend for more than 10 days or expel a disabled student or terminate educational services for any behavior that is a manifestation of the disability.

A student may be removed from the current educational placement to an appropriate interim alternative educational setting for the same amount of time that a student without a

disability would be subject to discipline, but for not more than 45 calendar days in a school year for a drug or weapon violation as provided in district procedures. Additionally, the district may request an expedited due process hearing to obtain a hearing officer's order to remove a student to an interim alternative educational setting for not more than 45 days if the student is exhibiting injurious behavior. For the purpose of this request, "injurious behavior" is defined as behavior that is substantially likely to result in injury to the student or to others. [Board Policy JGDA/JGEA](#)

## **Expulsion**

A student may be expelled for severe or repeated violations of the Student Code of Conduct. No student may be expelled without a hearing unless the student's parent or the student, if 18 years of age, waives the right to a hearing, either in writing or by failure to appear at a scheduled hearing.

An expulsion shall not extend beyond one calendar year. The district will provide appropriate expulsion notification including expulsion hearing procedures, student and parent rights, and alternative education provisions as required by law.

## **Suspension**

A student may be suspended from school for up to and including 10 consecutive school days for willful violations of the Student Code of Conduct. The district may require a student to attend school during non-school hours as an alternative to suspension.

An opportunity for the student to present their view of the alleged misconduct will be given. Each suspension will include specification of the reasons for the suspension, the length of the suspension, a plan for readmission, and an opportunity to appeal the decision. Every reasonable and prompt effort will be made to notify the parents/guardians of a suspended student.

While under suspension, a student may not attend after-school activities and athletic events, be present on district property, nor participate in activities directed or sponsored by the district.

Some school work missed by a student while on suspension may be made up upon the student's return to school. For example, a student will be allowed to make up final, mid-term, and unit examinations without an academic penalty.

## **Dress and Grooming**

The McMinnville School District recognizes the right to free expression and the value of diversity, including the diversity in dress and general appearance. The purpose of dress and grooming guidelines is to ensure that students are not distracted and are able to focus on learning. Students have the right to a non-disruptive, safe, and healthy educational environment at school.

Clothing with illicit drug or alcohol messages encourages the use of illicit drugs and alcohol and is prohibited. Clothing with obscene or profane references and comments is also prohibited. Individual schools may enact specific dress codes to supplement these standards.

Students who represent the school in a voluntary activity may be required to meet additional dress and grooming standards and may be denied the opportunity to participate if those standards are not met. [Board Policy JFCA](#)

## Hazing, Harassment, Intimidation, Bullying, Cyberbullying, Menacing, Teen Dating Violence, and Domestic Violence

Hazing, harassment, intimidation, bullying, menacing, or acts of cyberbullying by students, staff, or third parties toward students is strictly prohibited. Teen dating violence is unacceptable behavior and prohibited. Please refer to Student/Parent Complaint Procedures below.

Retaliation against any person who is a victim of, who reports, is thought to have reported, or files a complaint about an act of hazing, harassment, intimidation, bullying, menacing, an act of cyberbullying, or teen dating violence, or otherwise participates in an investigation or inquiry is strictly prohibited. A person who engages in retaliatory behavior will be subject to consequences and appropriate remedial action. False charges shall also be regarded as a serious offense and will result in consequences and appropriate remedial action.

Students whose behavior is found to be in violation of Board policy and any accompanying administrative regulations will be subject to consequences and appropriate remedial action which may include discipline, up to and including expulsion.

The district may also file a request with the Oregon Department of Transportation to suspend the driving privileges or the right to apply for driving privileges of a student 15 years of age or older who has been suspended or expelled at least twice for assaulting or menacing another student or employee, willful damage or injury to district property, or for use of threats, intimidation, harassment, or coercion against a district employee or another student.

Individuals may also be referred to law enforcement officials.

The building administrator, district department director, and superintendent are responsible for ensuring that this policy is implemented. [Board Policy JFCF](#)

## Medication at School

Students may be permitted to take prescription or nonprescription medication, and/or self-medicate at school, at school-sponsored activities, under the supervision of trained school personnel, and in transit to or from school or school-sponsored activities.

## Personal Electronic Devices and Social Media

Student possession or use of personal electronic devices (PED) on district property, in district facilities during the school day, and while the student is in attendance at district-sponsored

activities may be permitted subject to the limitations set forth in Board policy and consistent with any additional school rules as may be established by the principal and approved by the Superintendent. A PED is a device that is capable of electronically communicating, sending, receiving, storing, recording, reproducing, and/or displaying information and data.

Students may not access social media websites using district equipment, while on district property or at district-sponsored activities unless the access is approved by a district representative.

Students whose behavior is found to be in violation of Board policy will be subject to loss of privileges and disciplinary action, up to and including expulsion for using a personal electronic device in any manner that is academically dishonest, illegal, or violates the terms of this policy. A referral to law enforcement official may also be made.

Personal electronic devices used in violation of law, Board policy, administrative regulation, or approved school rules will be confiscated, turned in to the school office, and/or transferred to law enforcement officials as appropriate.

## Student/Parent Complaint Procedures

### **Public Complaint Procedure**

No staff member, student, parent or guardian of a student attending school in the district, or person who resides in the district will be denied the right to petition the district with a complaint. A complainant will be referred through the proper administrative process for resolution of their complaint before investigation or action by the Board. An exception will be a complaint against the superintendent, or one that involves Board actions or Board operations. [Board Policy KL](#)

The following procedure will be used for all complaints, unless otherwise specifically provided:

A student or parent who has a complaint concerning a classroom/teacher issue should first bring the matter to the appropriate teacher. If the complaint is not resolved, the complainant may formally present the complaint in writing (including all supporting statements and evidence) within 10 school days of the informal conference to the building administrator. The building administrator shall evaluate the evidence and render a decision within 10 school days after receiving the formal complaint.

If the complainant deems it desirable to carry the complaint beyond the decision reached by the building administrator, the complainant may, within 10 working days, file a complaint with the Superintendent or the Superintendent's designee. ## **Sexual Harassment Complaints – Sexual Harassment Complaint Procedures**

Sexual harassment by staff, students, Board members, school volunteers, parents/guardians, school visitors, service contractors, or others engaged in district business is strictly forbidden and shall not be tolerated in the district. The definition of "district" includes district facilities, district premises, and non-district property if the student or employee is at any district-sponsored, district-approved or district-related activity or function, such as field trips or athletic events where students are under the control of the district or where the employee is engaged in district business.

Sexual harassment of students means unwelcome sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature when:

- The conduct or communication has the purpose or effect of demanding sexual favors in exchange for benefits.
- Submission to or rejection of the conduct or communication is used as the basis for educational decisions affecting a student or employment or assignment of staff.
- The conduct or communication is so severe, persistent or pervasive that it has the purpose or effect of unreasonably interfering with a student's educational performance; or creates an intimidating, offensive or hostile educational environment. Relevant factors to be considered will include, but not be limited to, did the individual view the environment as hostile; was it reasonable to view the environment as hostile; the nature of the conduct; how often the conduct occurred and how long it continued; age and sex of the complainant; whether the alleged harasser was in a position of power over the student subject to the harassment; number of individuals involved; age of the alleged harasser; where the harassment occurred; and other incidents of sexual harassment at the school involving the same or other students, staff members or third parties.

Administrators and supervisors are responsible for their own conduct and for the conduct of the employees they supervise. They will take affirmative steps to stop sexual harassment by subordinates when it is brought to their attention, including warning or disciplining the offending employee or student.

Building administrators, the Director of Human Resources, and the Superintendent have responsibility for investigations concerning sexual harassment. All complaints and other reported incidents shall be promptly investigated.

District complaints related to employment may be filed with the U.S. Department of Labor, Equal Employment Opportunity Commission or Oregon Bureau of Labor and Industries. Direct complaints related to educational programs and services may be made to the Regional Civil Rights Director, U.S. Department of Education, Office for Civil Rights, Region X, 915 Second Avenue, Room 3310, Seattle, Washington, 98174-1099. Additional information regarding filing of a complaint may be obtained through the building administrator, compliance officer, or Superintendent.

Confidentiality will be maintained. The educational assignments or study environment of the

student shall not be adversely affected as a result of the good faith reporting of sexual harassment. Disciplinary action may include verbal/written reprimands, suspension, expulsion, dismissal, and/or referral to outside agencies (e.g., counseling, police).
