District Report on Division 22 Standards Compliance

After careful consideration of all Division 22 Standards, the McMinnville School District is pleased to report we are in compliance with all but one area of the Division 22 standards for the 2022-23 school year. The full detailed report will be submitted to the Oregon Department of Education and made available to the public by November 1, 2023.

OAR 581-022-2230 - Asbestos Management Corrective Action Plan and Timeline

McMinnville School District was out of compliance for the 2022-23 school year in the area of required annual Asbestos Training for facilities staff members.

The MSD Custodial & Maintenance Staff were not trained in Asbestos Management for the 2022-23 school year. The training plan for the 2023-24 school year is to train those staff members on 10/13/23. For future years the Safe Schools Online Asbestos Training Course will be assigned to all staff members annually.

Corrective Action Implemented for Prior Report

The McMinnville School District was out of compliance for the 2021-22 school year in the area of required PE minutes at the elementary school level, the District submitted a corrective action plan to the Oregon Department of Education to bring the District into compliance for the 2022-23 school year. This plan was approved by ODE on 3/22/23.
